Over the past few years, Verizon has been conducting state collaborative meetings in California, Florida, Indiana, North Carolina, Ohio and Hawaii regarding its Operational Support System (OSS) Performance Measures. These meetings have resulted in the adoption of a common set of OSS Performance Measures for use in each of these states. The Performance Measures and related processes are contained in a Joint Partial Settlement Agreement (JPSA) that is applicable in each such state. The JPSA for each state provides that a Joint Steering Committee (JSC) shall convene and determine whether an annual audit of Verizon's OSS is necessary, and if so, the scope of the audit.

The purpose of this notice is to apprise all participants, parties, and interested persons in these collaborative processes and proceedings of a settlement conference at the time and place indicated above to discuss whether an annual audit of Verizon's OSS Performance Measures should occur, and if so, the scope of the audit.

The meeting will be deemed a meeting of the JSC, and any collaborative participant, party or interested person may join and be heard during the settlement conference.
