In re: Petition for Approval of Section 252(i) Adoption With Modifications of the Existing Terms of the Interconnection, Resale, Unbundling and Collocation Agreement Between Navigator Telecommunications, LLC and Verizon Florida Inc. by Smart City Solutions, LLC d/b/a Smart City Communications Docket No. 060552-7P Filed: August 14, 2006

PETITION FOR APPROVAL OF SECTION 252(i) ADOPTION WITH MODIFICATIONS OF THE EXISTING TERMS OF THE INTERCONNECTION, RESALE, UNBUNDLING AND COLLOCATION AGREEMENT BETWEEN NAVIGATOR TELECOMMUNICATIONS, LLC AND VERIZON FLORIDA INC. BY SMART CITY SOLUTIONS, LLC D/B/A SMART CITY COMMUNICATIONS

Verizon Florida Inc. (Verizon) (formerly GTE Florida Incorporated) files this petition

before the Florida Public Service Commission (Commission) seeking approval of Smart

City Solutions, LLC d/b/a Smart City Communications' adoption with modifications of the

existing terms of the interconnection, resale, unbundling and collocation agreement

between Verizon and Navigator Telecommunications, LLC. The Verizon/Navigator

agreement was approved by the Commission in Docket No. 050947-TP.

Verizon respectfully requests that the Commission approve its petition and that

Verizon be granted all other relief proper under the circumstances.

Respectfully submitted on August 14, 2006.

Re: Requested Adoption Under Section 252(i) of the Communications Act

Dear Mr. Sims:

Verizon Florida Inc. ("Verizon"), a Florida corporation, with principal place of business at 201 N Franklin Street, Tampa, FL 33602-5167, has received correspondence stating that Smart City Solutions, LLC d/b/a Smart City Communications ("SCS"), a Florida Limited Liability Company, with principal place of business at 3100 Bonnet Creek Road, Lake Buena Vista, FL 32830 wishes, pursuant to Section 252(i) of the Communications Act, to adopt the terms of the Interconnection Agreement between Navigator Telecommunications, LLC ("Navigator") and Verizon that was approved by the Florida Public Service Commission (the "Commission") as an effective agreement in the State of Florida, as such agreement exists on the date hereof (including, without limitation, Amendment 1 and 2 thereto) after giving effect to operation of law (the "Terms"). I understand SCS has a copy of the Terms. Please note the following with respect to SCS's adoption of the Terms.

- 1. By SCS's countersignature on this letter, SCS hereby represents and agrees to the following seven points:
 - A. SCS adopts (and agrees to be bound by) the Terms and, in applying the Terms, agrees that SCS shall be substituted in place of Navigator Telecommunications, LLC and Navigator in the Terms wherever appropriate.

1

SCS FL MFN 051506.doc

- B. For the avoidance of any doubt, adoption of the Terms does not include adoption of any provision imposing an unbundling obligation on Verizon (i) that no longer applies to Verizon under the Report and Order and Order on Remand (FCC 03-36) released by the Federal Communications Commission ("FCC") on August 21, 2003 in CC Docket Nos. 01-338, 96-98, 98-147 ("Triennial Review Order"), or the Order on Remand in WC Docket No. 04-313 and CC Docket No. 01-338, released by the FCC on February 4, 2005 (the "TRO Remand Order"), or (ii) that is otherwise not required by 47 U.S.C. Section 251(c)(3) or by 47 C.F.R. Part 51.
- C. Notice to SCS and Verizon as may be required or permitted under the Terms shall be provided as follows:

To Smart City Solutions, LLC d/b/a Smart City Communications:

Attention: Lynn B. Hall Director - Contracts 3100 Bonnet Creek Road Lake Buena Vista, FL 32830 Telephone Number: (407) 828-6730, Ext.: None Facsimile Number: (407) 828-6734 Internet Address: Ibhall@smartcity.com

To Verizon:

Director-Negotiations Verizon Partner Solutions 600 Hidden Ridge HQEWMNOTICES Irving, TX 75038 Facsimile Number: (972) 719-1519 Internet Address: wmnotices@verizon.com

with a copy to:

Vice President and Deputy General Counsel Verizon Partner Solutions 1515 N. Court House Road Suite 500 Arlington, VA 22201 Facsimile: (703) 351-3664

- D. SCS represents and warrants that it is a certified provider of local telecommunications service in the State of Florida, and that its adoption of the Terms will cover services in the State of Florida only.
- E. In the event an interconnection agreement between Verizon and SCS is currently in effect in the State of Florida (the "Original ICA"), this adoption shall be an amendment and restatement of the operating terms and conditions of the Original ICA, and shall replace in their entirety the terms of the Original ICA. This adoption is not intended to be, nor shall it be construed to create, a novation or accord and satisfaction with respect to the Original ICA. Any outstanding payment obligations of the parties that were incurred but not fully performed under the Original ICA shall constitute payment obligations of the parties under this adoption.

- F. Verizon's standard pricing schedule for interconnection agreements in the State of Florida (as such schedule may be amended from time to time) (attached as Appendix A hereto) shall apply to SCS's adoption of the Terms. SCS should note that the aforementioned pricing schedule may contain rates for certain services the terms for which are not included in the Terms or that are otherwise not part of this adoption, and may include phrases or wording not identical to those utilized in the Terms. In an effort to expedite the adoption process, Verizon has not deleted such rates from the pricing schedule or attempted to customize the wording in the pricing schedule to match the Terms. However, the inclusion of such rates in no way obligates Verizon to provide the subject services and in no way waives Verizon's rights, and the use of different wording or phrasing in the pricing schedule does not alter the obligations and rights set forth in the Terms.
- G. SCS's adoption of the Terms shall become effective on July 11, 2006. Verizon shall file this adoption letter with the Commission promptly upon receipt of an original of this letter countersigned by SCS as to the points set out in Paragraph One hereof. The term and termination provisions of the Terms shall govern SCS's adoption of the Terms. The adoption of the Terms is currently scheduled to expire on November 30, 2007.
- 2. As the Terms are being adopted by SCS pursuant to Section 252(i) of the Act, Verizon does not provide the Terms to you as either a voluntary or negotiated agreement. The filing and performance by Verizon of the Terms does not in any way constitute a waiver by Verizon of any position as to the Terms or a portion thereof, nor does it constitute a waiver by Verizon of all rights and remedies it may have to seek review of the Terms, or to seek review in any way of any provisions included in the Terms as a result of SCS's adoption of the Terms.
- 3. Nothing herein shall be construed as or is intended to be a concession or admission by Verizon that any provision in the Terms complies with the rights and duties imposed by the Act, the decisions of the FCC and the Commission, the decisions of the courts, or other law, and Verizon expressly reserves its full right to assert and pursue claims arising from or related to the Terms.
- 4. Verizon reserves the right to deny SCS's application of the Terms, in whole or in part, at any time:
 - when the costs of providing the Terms to SCS are greater than the costs of providing them to Navigator;
 - B. if the provision of the Terms to SCS is not technically feasible; and/or
 - C. to the extent that Verizon otherwise is not required to make the Terms available to SCS under applicable law.
- 5. For the avoidance of any doubt, please note that adoption of the Terms will not result in reciprocal compensation payments for Internet traffic. Verizon has always taken the position that reciprocal compensation was not due to be paid for Internet traffic under section 251(b)(5) of the Act. Verizon's position that reciprocal compensation is not to be paid for Internet traffic was confirmed by the FCC in the Order on Remand and Report and Order adopted on April 18, 2001 ("FCC Internet Order"), which held that Internet traffic constitutes "information access" outside the scope of the reciprocal compensation

obligations set forth in section 251(b)(5) of the Act.¹ Accordingly, any compensation to be paid for Internet traffic will be handled pursuant to the terms of the *FCC Internet Order*, not pursuant to adoption of the Terms.² Moreover, in light of the *FCC Internet Order*, even if the Terms include provisions invoking an intercarrier compensation mechanism for Internet traffic, any reasonable amount of time permitted for adopting such provisions has expired under the FCC's rules implementing section 252(i) of the Act.³ In fact, the *FCC Internet Order* made clear that carriers may not adopt provisions of an existing interconnection agreement to the extent that such provisions provide compensation for Internet traffic.⁴

- 6. Should SCS attempt to apply the Terms in a manner that conflicts with Paragraphs Two through Paragraphs Five above, Verizon reserves its rights to seek appropriate legal and/or equitable relief.
- 7. In the event that a voluntary or involuntary petition has been or is in the future filed against SCS under bankruptcy or insolvency laws, or any law relating to the relief of debtors, readjustment of indebtedness, debtor reorganization or composition or extension of debt (any such proceeding, an "Insolvency Proceeding"), then: (A) all rights of Verizon under such laws, including, without limitation, all rights of Verizon under 11 U.S.C. § 366, shall be preserved, and SCS's adoption of the Terms shall in no way impair such rights of Verizon; and (B) all rights of SCS resulting from SCS's adoption of the Terms shall be subject to and modified by any Stipulations and Orders entered in the Insolvency Proceeding, including, without limitation, any Stipulation or Order providing adequate assurance of payment to Verizon pursuant to 11 U.S.C. § 366.

¹ Order on Remand and Report and Order, In the Matters of: Implementation of the Local Competition Provisions in the Telecommunications Act of 1996 and Intercarrier Compensation for ISP-Bound Traffic, CC Docket No. 99-68 (rel. April 27, 2001) ("FCC Remand Order") ¶44, remanded, WorldCom, Inc. v. FCC, No. 01-1218 (D.C. Cir. May 3, 2002). Although the D.C. Circuit remanded the FCC Remand Order to permit the FCC to clarify its reasoning, it left the order in place as governing federal law. See WorldCom, Inc. v. FCC, No. 01-1218, slip op. at 5 (D.C. Cir. May 3, 2002).

² For your convenience, an industry letter distributed by Verizon explaining its plans to implement the *FCC Internet Order* can be viewed at Verizon's Customer Support Website at URL <u>www.verizon.com/wise</u> (select Verizon East Customer Support, Business Resources, Customer Documentation, Resources, Industry Letters, CLEC, May 21, 2001 Order on Remand).

APPENDIX A TO THE PRICING ATTACHMENT^{1 2} V1.8

I. Rates and Charges for Transport and Termination of Traffic³

A. Reciprocal Compensation Traffic Termination

Reciprocal Compensation Traffic End Office Rate: **\$0.0022574 per minute of** use.

Reciprocal Compensation Traffic Tandem Rate: \$0.0040108 per minute of use.

B. The Tandem Transit Traffic Service Charge is \$0.0016723 per minute of use.

C. Entrance Facility and Transport for Interconnection Charges: See Intrastate Special Access Tariff

UNE rates and charges set forth in this Appendix that are marked with a (*) are pursuant to FL Order No. PSC-02-1574-FOF-TP, Docket No. 990649B-TP. These UNE rates became effective on August 5, 2003 for seventeen (17) named CLECs (per FL Order No. PSC-03-0896-PCO-TP) and became effective on December 8, 2004 for other CLECs.

All rates and charges set forth in this Appendix shall apply until such time as they are replaced by new rates and/or charges as the Commission or the FCC may approve or allow to go into effect from time to time, subject however, to any stay or other order issued by any court of competent jurisdiction. In addition to any rates and charges set forth herein, Verizon, effective as of March 11, 2005, may, but shall not be required to, charge (and SCS shall pay) any rates and charges that apply to a CLEC's embedded base of certain UNEs pursuant to the FCC's Order on Remand, Unbundled Access to Network Elements; Review of the Section 251 Unbundling Obligations of Incumbent Local Exchange Carriers, WC Docket No. 04-313, CC Docket No. 01-338 (FCC rel. Feb. 4, 2005) (the "TRRO"), the foregoing being without limitation of other rates and charges that may apply under subsequent FCC orders or otherwise. In addition, as set forth in Industry Notices, surcharges may apply to certain rates contained herein in order to apply a rate equivalent to the resale discount rate for certain facilities and arrangements that are no longer available as unbundled network elements or combinations thereof.

2 Unless a citation is provided to a generally applicable Verizon tariff, all listed rates and services are available only to SCS when purchasing these services for its use in the provision of Telephone Exchange Service, and apply only to Reciprocal Compensation Traffic and local Ancillary Traffic. Verizon rates and services for use by SCS in the carriage of Toll Traffic shall be subject to Verizon's tariffs for Exchange Access Service. Adherence to these limitations is subject to a reasonable periodic audit by Verizon.

3 All rates and charges specified herein are pertaining to the Interconnection Attachment.

SCS FL MFN 051506.doc

¹ This Appendix may contain rates for (and/or reference) services, facilities, arrangements and the like that Verizon does not have an obligation to provide under the Agreement (e.g., services, facilities, arrangements and the like for which an unbundling requirement does not exist under 47 U.S.C. Section 251(c)(3)). Notwithstanding any such rates (and/or references) and, for the avoidance of any doubt, nothing in this Appendix shall be deemed to require Verizon to provide a service, facility, arrangement or the like that the Agreement does not require Verizon to provide a service, facility, arrangement or the like upon rates, terms or conditions other than those that may be required by the Agreement.

II. Services Available for Resale

The avoided cost discount for all Resale services is 13.04%.

,

UNE-P Pricing⁵

<u>MRCs</u>. The MRC for a UNE-P will generally be equal to the sum of the MRCs for the combined UNEs (e.g. the total of the UNE loop charge plus the UNE port charges in the Agreement (see Note A) plus: UNE local switching (per minute originating usage plus T/O factor to determine terminating minutes) based on UNE local switching rates in the Agreement plus UNE shared transport and tandem switching (based on factors for percent interoffice and tandem switch usage, plus assumed transport mileage of 10 miles and 2 terms) based on UNE shared transport rates in the Agreement plus UNE vertical Services charges (optional per line charges, if allowed by the Agreement), less \$1.39 to account for the cost saving from using IDLC technology.

(Note A): UNE platforms are available in four loop/port configurations as shown below. If the price for any component of these platforms is not set forth herein, Verizon will use the ICB process to determine the appropriate price and TBD pricing shall apply.

UNE Basic Analog Voice Grade Platform consists of the following components:

UNE 2-wire Analog loop; and UNE Basic Analog Line Side port

UNE ISDN BRI Platform consists of the following components: UNE 2-wire Digital loop; and UNE ISDN BRI Digital Line Side port

UNE ISDN PRI Platform consists of the following components: UNE DS1 loop; and UNE ISDN PRI Digital Trunk Side port

UNE DS1 Platform consists of the following components: UNE DS1 loop; and UNE DS1 Digital Trunk Side port

<u>NRCs</u>. Optional NRCs will apply as ordered by the CLEC including such charges as Expedites, Coordinated Conversions, loop Conditioning, etc.

EEL Pricing

<u>MRCs</u>. The MRCs for an EEL will generally be equal to the applicable MRCs for UNEs and Multiplexing that comprise an EEL arrangement (e.g. UNE Loop, IDT, CDT, Multiplexing, & Clear Channel Capability).

⁵ For the avoidance of any doubt, in addition to any rates and charges set forth herein, Verizon, effective as of March 11, 2005, may, but shall not be required to, charge (and SCS shall pay) any rates and charges that apply to a CLEC's embedded base of certain UNEs pursuant to the TRRO, the foregoing being without limitation of other rates and charges that may apply under subsequent FCC orders or otherwise; in addition, as set forth in Industry Notices, surcharges may apply to certain rates contained herein in order to apply a rate equivalent to the resale discount rate for certain facilities and arrangements that are no longer available as unbundled network elements or combinations thereof.

Line Splitting⁶

Except as noted in the following paragraph, the provider of voice services in a Line Splitting arrangement ("VLEC") will be billed for all charges associated with the Network Elements and other Verizon services, facilities and arrangements, used in conjunction with the Line Splitting arrangement ("Line Splitting Arrangement"), regardless of which CLEC in the Line Splitting Arrangement orders the Network Elements or other Verizon services, facilities or arrangements. These charges include, but are not limited to, all applicable non-recurring charges and monthly recurring charges related to such Line Splitting Arrangement, including but not limited to UNE-P (2-wire digital UNE loop or 2wire ADSL capable UNE loop, UNE switch port, UNE local switching usage, UNE local transport and usage rates), testing, pre-qualification, OSS, line conditioning, CLEC account establishment and misdirected trouble charges.

The CLEC with the applicable collocation arrangement will be billed for splitter establishment and collocation related charges.

⁶ Rates for the individual line splitting components are contained in existing terms for Unbundled Network Elements and Collocation.

Application of NRCs

Preordering:

CLEC Account Establishment is a one-time charge applied the first time that SCS orders any service from this Agreement.

Customer Record Search applies when SCS requests a summary of the services currently subscribed to by the end-user.

Ordering and Provisioning:

Initial Service Order (ISO) applies to each Local Service Request (LSR) and Access Service Request (ASR) for new service. Charge is Manual (e.g. for a faxed order) or Semi-Mechanized (e.g. for an electronically transmitted order) based upon the method of submission used by the CLEC.

Subsequent Service Order applies to each LSR/ASR for modifications to an existing service. Charge is Manual or Semi-Mechanized based upon the method of submission used by the CLEC.

Advanced ISO applies per LSR/ASR when engineering work activity is required to complete the order.

Exchange ISO applies per LSR/ASR when no engineering work activity is required to complete the order.

Provisioning – Initial Unit applies per ISO for the first unit installed. The Additional Unit applies for each additional unit installed on the same ISO.

Basic Provisioning applies to services that can be provisioned using standard network components maintained in inventory without specialized instructions for switch translations, routing, and service arrangements.

Complex Provisioning applies to services that require special instruction for the provisioning of the service to meet the customer's needs.

Examples of services and their Ordering/Provisioning category that applies:

Exchange-Basic: 2-Wire Analog, Standard Sub-Loop Distribution, Standard Sub-Loop Feeder, Drop and NID.

Exchange-Complex: Non-loaded Sub-Loop Distribution, Non-load Sub-Loop Feeder, Loop Conditioning, Customized Routing, ISDN BRI Digital Line Side Port and Line Sharing.

Advanced-Basic: 2-Wire Digital Loop, 4-Wire Digital Loop, 4-Wire Analog

Advanced-Complex: DS1 Loop, DS3 Loop, Dark Fiber, EELs, and ISDN PRI Digital Trunk Side Port

Conditioning applies in addition to the ISO, for each Loop or Sub-Loop UNE for the installation and grooming of Conditioning requests.

DS1 Clear Channel Capability applies in addition to the ISO, per DS1 for the installation and grooming of DS1 Clear Channel Capability requests.

Changeover Charge applies to UNE-P and EEL orders when an existing retail, resale, or special access service is already in place.

Service Inquiry – Dark Fiber applies per service inquiry when a CLEC requests Verizon to determine the availability of dark fiber on a specific route.

EELs

The NRCs that generally apply to an EEL arrangement are applicable ordering & provisioning charges for EEL Loops, IDT, CDT, Multiplexing and Clear Channel Capability.

Custom Handling (These NRCs are in addition to any Preordering or Ordering and Provisioning NRCs):

Service Order Expedite applies if SCS requests service prior to the standard due date intervals and the expedite request can be met by Verizon.

Coordinated Conversion applies if SCS requests notification and coordination of service cut-over prior to the service becoming effective.

Hot Coordinated Conversion First Hour applies if SCS requests real-time coordination of a service cut-over that takes one hour or less.

Hot Coordinated Conversion Per Additional Quarter Hour applies, in addition to the Hot Coordinated Conversion First Hour, for every 15-minute segment of realtime coordination of a service cut-over that takes more than one hour.

Design Change Charge applies to EELs & Transport orders for design changes requested by the CLEC.

IV. Rates and Charges for 911

•

| | Non-Recurring Charge | Monthly Recurring Charge |
|--|-------------------------|-----------------------------|
| DS1 | Tariff | Tariff |
| DSO 911 Trunk | Tariff | Tariff |
| E911 Selective Router Ports | | |
| Ports Per Trunk | \$260.00 | \$30.00 |
| Wireless Additive Per Port | N/A | \$13.00 |
| ALI Database Services | | |
| Centralized ALI Port Per System (for third party dataNote 1) | \$200.00 | \$62.00 |
| PSALI Software Per Package | \$790.80 | \$20.00 |
| ALI Gateway/DMARCS Service | \$135.00 | \$36.00 |
| Selective Router Boundary Maps Per Map | \$125.00 | N/A |
| MSAG Copies via Diskette/Electronic Per County First Copy Per Order Daily Updates | \$276.00 \$37.00 | N/A N/A |

V. Collocation Rates

•

See FL Intrastate Access Tariff, Section 19, Collocation Service.
