Subject: Request Permission for Oral Modification-Agenda Item 8 (Docket No. 060531-EU)
Importance: High

Since filing the Recommendation for Docket No. 060531-EU on August 17th, we have determined that certain language inadvertently left in staff's recommendation needs to be stricken. Accordingly, staff requests to make the following oral modifications at the August 29, 2006 Agenda Conference:

On page 9, under the Recommendation section, strike by September 28, 2006.

The stricken language should be replaced with the following:

within 30 days after the Final Order.

The entire sentence should now read: **The Commission should direct staff to solicit a report from each municipal and cooperative electric utility justifying apparent deviations to the Commission within 30 days of the Final Order.**

On page 10, under the Conclusion section, strike by September 28, 2006.

The stricken language should be replaced with the following:

within 30 days after the Final Order.

The entire sentence should now read: **The Commission should direct staff to solicit a report from each municipal and cooperative electric utility justifying apparent deviations to the Commission within 30 days of the Final Order.**

The proposed modification makes staff's recommendation regarding the due dates for supplemental reporting in Issue 2 for municipal and cooperative electric utilities identical to the due date for reporting in Issue 1 for the investor-owned electric utilities.

Thank you for your consideration. Should you have any questions, please contact me.

Regards,

Kay
