RE: Interexchange Service Evaluation

Dear Mr. Broten:

The Florida Public Service Commission evaluated the quality of service from access lines presubscribed to your company during a comprehensive telephone service evaluation conducted in the Sarasota exchange during the period from April 24, 2006, through May 18, 2006.

A series of test calls were generated to measure the timing of toll calls for billing purposes. These tests were precisely timed to ensure that the elapsed times were the same for each carrier's series of calls. To evaluate the accuracy of each network, all test calls were completed using our computerized timing tester. Normally, calls are completed at each of the following intervals: 183, 182, 181, 180, 179, 178, 123, 122, 121, 120, 119, 118, 63, 62, 61, 60, 59, and 58 second intervals.

Bills for these calls were analyzed and compared to the records generated by the tests for origination and duration time to develop the timing and billing accuracy summary. While the accuracy of our tests can be measured in hundredths of a second, we allow the company a tolerance of plus or minus one second.

Enclosed is a "draft" copy of the report for your review and action. Also enclosed is a copy of our worksheets.

Since overbilling discrepancies were discovered, we request that you provide the number of customers that were affected and the total amount overcharged. Please provide a plan to refund the overcharges to the affected customers by July 14, 2006.

Upon receipt of the above information, staff will compute the interest involved and file a recommendation to the Commission.

Mr. Broten

Since evaluations are part of the Commission's normal surveillance activity, no reimbursement will be made for our test calls. Therefore, proper disposition should be made of these charges and the accounts closed.

If you have questions, please contact Penelope J. Davis at (850) 413-6518 or E-mail at pdavis@psc.state.fl.us.

Sincerely,

A handwritten signature in black ink, appearing to read "Rick Moses".

Notice of Price Increase

Effective 7/1/06, Long Distance Message Telecommunications Service (LDMTS) in-state and interstate rates will increase from 35 cents/min to 40 cents/min in mileage band 1 (0-3500 miles) and mileage band 2 (3501-5500 miles), for both peak and off-peak calling. International Message Telecommunications Service (IMTS) rates will increase 5 percent for calls to all countries. LDMTS/IMTS rates apply if you are not enrolled in an optional calling plan (OCP). For specific rates or information about Verizon Long Distance calling plans, call our business office at the number on your bill.

Notice of Price Increase

Effective July 1, 2006, Verizon Long Distance is adding Premium Termination rates for calling to several additional countries as well as changing many existing Premium Termination rates. Verizon Long Distance charges a Premium Termination rate to recover the fees many foreign telecommunications companies impose for terminating calls they designate as Premium (e.g., calls to mobile numbers). Premium Termination rates are between 1 cent and 30 cents per minute more than international calls to non-Premium numbers. If you would like more information about Premium Termination rates and/or to find out specific rates, call our business office. The Service Agreement you received when you ordered Verizon Long Distance service contained a URL web-site reference, which
