### Re: <u>Docket No. 000121A-TP</u> In Re: Investigation into the establishment of operations support systems permanent incumbent local exchange Telecommunications companies

Dear Ms. Bayó:

Enclosed is BellSouth Telecommunications, Inc.'s Responses to Staff's First and Second Set of Action Items. A copy of the same is being provided to all parties of record.

Sincerely,

Lulpepper/V.W.

Robert A. Culpepper

BellSouth Telecommunications, Inc. FPSC Dkt. No. 00121A-TP Responses to August 22, 2006 Workshop Action Items (1<sup>st</sup> Set) Extended Date: September 29, 2006 Item No. 1 Page 1 of 1

- REQUEST: Please provide an analysis of the impact to SQM and SEEM data for OSS-1 if the proposed exclusion regarding timeouts was adopted. The exclusion should be applied to at least six months of historical SQM and SEEM data, and include the impact to Tier1 and 2.
- RESPONSE: The impact to the SQM data of the proposed exclusion of timeouts from the OSS-1 measure for the LENS interface is provided in Attachment A. Due to the small impact of the change, and the difficulty with calculating the results for the other interfaces, BellSouth would not propose to calculate the results for EDI and TAG. Please advise if the results for the other interfaces are still needed. Further, in order to calculate the precise SEEM impact for this change, a rerun of the data is required, which is resource intensive. Based on a review of the extremely small change to measurement results reflected in Attachment A, the SEEM impact for LENS would be negligible.

Summary of OSS-1 Impact with Exclusion of Timeouts

BellSouth Telecommunications, Inc. FPSC Dkt. No. 00121A-TP Responses to August 22, 2006 Workshop Action Items (1<sup>st</sup> Set) Extended Date: September 29, 2006 Item No. 3 Page 1 of 1

- REQUEST: Please provide an analysis of the impact to SQM and SEEM data for OSS-1 if the proposed change in calculations for M&R Response Interval were adopted. The proposed calculation should be applied to a least six months of historical SQM and SEEM data, and include the impact to Tier1 and 2.
- RESPONSE: The SQM impact of the proposed change to the M&R Response interval standard is provided in Attachment B. For the period March August 2006, the SEEM liability for the measure OSS-1 (M&R) is provided below (this measure is Tier 2 only):

=	March	\$19,890
	April	\$16,800
	May	\$15,630
	June	\$15,750
	July	\$15,750
#	August	\$14,910

The estimated impact of the proposed change is that no SEEM liability would have been incurred for this measure during this period.

BellSouth Telecommunications, Inc. FPSC Dkt. No. 00121A-TP Responses to August 22, 2006 Workshop Action Items (1<sup>st</sup> Set) Extended Date: September 29, 2006 Item No. 4 Page 1 of 2

- REQUEST: Please provide an analysis of the impact to SQM and SEEM data for O-8 if the change in the standards were adopted. The proposed standards should be applied to a least six months of historical SQM and SEEM data, and include the impact to Tier1 and 2.
- RESPONSE: The SQM results for the Reject Interval measure if the CLECs' proposed changes in standards had been in effect for Partially Mechanized (PM) and Non-Mechanized (NM) LSRs, as well as the results based on the current standards, are provided below. In other words, the results in the chart are based on the implicit assumption that the same staffing level was in place if the CLECs' proposed intervals had been in effect. BellSouth is not representing that it would not change staffing levels to provide the level of service mandated by this Commission.

			CLEC Pro	posal		Current
Month	Туре	Benchmark	Numerator	Volume	Metric Result	Metric Result
Jan-06	PM	95% <= 8 Hours	8454	10148	83.31%	93.48%
Feb-06	РМ	95% <= 8 Hours	7858	8515	92.28%	95.34%
Mar-06	РМ	95% <= 8 Hours	11293	14794	76.34%	88.52%
Apr-06	PM	95% <= 8 Hours	8402	10503	80.00%	87.38%
May-06	РМ	95% <= 8 Hours	8556	11100	77.08%	89.72%
Jun-06	PM	95% <= 8 Hours	7944	9011	88.16%	95.16%

BellSouth Telecommunications, Inc. FPSC Dkt. No. 00121A-TP Responses to August 22, 2006 Workshop Action Items (1<sup>st</sup> Set) Extended Date: September 29, 2006 Item No. 4 Page 2 of 2

Using the SQM impacts from above, the SEEM impacts for those six months would range from \$899,150 to \$2,023,087. In order to provide actual SEEM Tier 1 and Tier 2 remedies for the Reject Interval measure under the CLEC proposal, BellSouth would have to rerun the PARIS data to determine the fail-month counts, which would vary from the current results. This would be resource intensive. To calculate this range, BellSouth first calculated the Total Affected Volumes (TAVs) for all of the CLECs who were due payments, if the proposed standard were adopted. For the low-end range, the TAVs were multiplied by the First Month Failure remedy amount and for the high end of the range the TAVs were multiplied by the Month 6 Failure remedy amount. BellSouth did take into account the appropriate multiplier based on whether the measure would have failed or would not have failed at the CLEC aggregate level. The results below reflect the incremental SEEM remedies based on this approach by month for the low end of the range.

	<u>Partially M</u>	echanized	Non-Mechanized		
<u>Month</u>	Tier 1	<u>Tier 2</u>	<u>Tier 1</u>	<u>Tier 2</u>	
January	\$53,180	\$ -	\$7,600	\$ -	
February	\$12,860	\$ -	\$250	\$ -	
March	\$96,160	\$165,660	\$37,850	\$ -	
April	\$76,550	\$94,500	\$1,600	\$ -	
May	\$97,880	\$119,340	\$2,050	\$2,460	
June	\$28,120	\$3,960	\$500	\$500	
July	\$40,080	\$48,600	\$9,450	\$ -	
Total	\$404,830	\$432,060	\$59,300	\$2,960	

As previously stated BellSouth is not representing that it will not attempt to meet the standards set by this Commission. In order meet the more stringent intervals proposed by the CLECs for the Reject Interval measure, identified for this action item, and for the FOC Timeliness measure, identified in action item 5, BellSouth would incur significant additional costs. BellSouth's preliminary estimate of additional economic staffing costs required to meet the proposed decreased intervals to be about \$1.8 million dollars per year. The \$1.8 million represents the combined impact resulting from the proposed changes to the Reject Interval and the FOC Timeliness measures.

Consequently, if these standards are changed, Bellsouth will incur significant additional cost either through increased SEEM payments, increased staffing cost or, more likely, some combination of the two. In any event, there has been no evidence produced that the current standards do not allow an efficient CLEC a meaningful opportunity to compete; so there is no justification to impose any of these additional costs.

BellSouth Telecommunications, Inc. FPSC Dkt. No. 00121A-TP Responses to August 22, 2006 Workshop Action Items (1<sup>st</sup> Set) Extended Date: September 29, 2006 Item No. 5 Page 1 of 1

- REQUEST: Please provide an analysis of the impact to SQM and SEEM data for O-9 if the change in the standard was adopted. The proposed standard should be applied to a least six months of historical SQM and SEEM data, and include the impact to Tier1 and 2.
- RESPONSE: The impact of the CLECs' proposed change to the SQM results for FOC Timeliness is provided in Attachment C. The results in the chart are based on the assumption that the same staffing level that currently exists would remain in place if the interval is changed.

BellSouth indicated, in its response to action item 4, that the combined impact of staffing to meet the CLEC-proposed intervals for the Reject Interval and FOC Timeliness measures is estimated to be about \$1.8 million.

The same approach to estimating SEEM impacts that was used in the response to Item 4 was used in this response. If the assumption is that BellSouth did not change its staffing level, using the same approach described in BellSouth's response to Action Item 4 (*i.e.*, not taking into account the Fail Month Count), the <u>incremental</u> SEEM impact ranges from \$284,260 if a Fail Month Count of 1 is used on all TAVs, to \$639,585 if a Fail Month Count of 6 is used. The monthly impact for the low end of the range is provided below:

	Non-Mechanized						
<u>Month</u>	Tier 1	Tier 2					
January	\$18,950	\$ -					
February	\$16,800	\$ -					
March	\$100,760	\$124,020					
April	\$9,150	\$11,460					
May	\$13,360	\$17,400					
June	\$9,950	\$22,260					
July	\$53,100	<u>\$137,940</u>					
Total	\$109,120	\$175,140

BellSouth Telecommunications, Inc. FPSC Dkt. No. 00121A-TP Responses to September 7, 2006 Workshop Action Items (2<sup>nd</sup> Set) Filing Date: September 29, 2006 Item No. 1 Page 1 of 1

- REQUEST: Please provide an analysis of the impact to SQM and SEEM for each change proposed for Appendix C.2, Statistical Properties and Definitions. The impact should be applied to at least six months of historical SQM and SEEM data, and include the impact to Tier 1 and 2 payments.
- RESPONSE: The changes proposed by BellSouth to Appendix C.2 created a zone of reasonableness for these measures to be consistent with the existence of a zone of reasonableness that applies to other retail analog measures and applies to SEEM only; therefore, the proposed changes would not affect the SQM. The following chart contains the SEEM remedy amounts under the current plan, under the proposed plan, and the difference for the period January June 2006.

	SEEM Total for January – June 2006		
Measure	Current Remedy (\$)	Proposed Remedy (\$)	Difference (\$)
OSS Response Interval (Pre-ordering/Ordering)	0	0	0
OSS Response Interval (Maintenance & Repair)	130,170	0	(130,170)
Billing Invoice Accuracy	9,206	8,054	(1152)
Billing Mean Time to Deliver Invoices	53	21	(32)
Average Answer Time- Ordering Centers	15,132	0	(15,132)
Trunk Group Performance	1050	0	(1050)

The measures OSS Response Interval (Pre-ordering/Ordering), OSS Response Interval (Maintenance & Repair), and Average Answer Time – Ordering Centers are Tier 2 only measures, so the impacts are for four months. The measures Billing Invoice Accuracy, Mean Time to Deliver Invoices, and Trunk Group Performance are Tier 1 and Tier 2 measures.

BellSouth Telecommunications, Inc. FPSC Dkt. No. 00121A-TP Responses to September 7, 2006 Workshop Action Items (2<sup>nd</sup> Set) Filing Date: September 29, 2006 Item No. 2 Page 1 of 2

- REQUEST: Please provide a proposal for ramping-off a Force Majeure event and returning to SEEM remedies. At a minimum, the proposal should include the following factors: event severity, grace period (no payments), timeframe (modified payments), deadline for returning to full payment, and performance measures impacted.
- RESPONSE: During a force majeure event, BellSouth proposes that the Emergency Preparedness and Restoration – Local Services ("Emergency Preparedness") document that was provided to the CLECs in Carrier Notification SN91086145, on July 5, 2006, be used as the basis for declaring and ending the force majeure exclusion of SEEM Payments for retail analog measures in the Provisioning, Maintenance and Repair, and Trunk Group Performance domains (Affected Measures). The Emergency Preparedness document contains a color-coded methodology that is used to identify the status of wire centers from the stage at which the wire centers are most severely impacted (designated red or orange) to the stage at which conditions are improving, approaching normal conditions or back to normal conditions(designated yellow or green). The following describes the proposed application of the force majeure provision of SEEM for the Affected Measures.

<u>Severity Category 1</u>: This severity category would apply if any wire center in the state requires a color code of red or orange, as defined in the Emergency Preparedness document, at the onset of the Force Majeure event. At this severity level, the following provisions would apply:

- a) The Force Majeure exception for SEEM payments applies statewide for all Affected Measures for the lesser of ninety (90) days or the point at which no wire centers remains at severity code red or orange;
- b) Any extension of the statewide exception for SEEM payments beyond 90 days requires concurrence from the Commission Staff;
- c) If no extension beyond the initial 90-day period applies, the Force Majeure exception for SEEM payments will continue for the Affected Measures in any wire centers with a status of red or orange as long as that status continues. As the status of those wire centers changes to yellow or green, the force majeure exception will apply to those wire centers as defined under Severity 2.

BellSouth Telecommunications, Inc. FPSC Dkt. No. 00121A-TP Responses to September 7, 2006 Workshop Action Items (2<sup>nd</sup> Set) Filing Date: September 29, 2006 Item No. 2 Page 2 of 2

<u>Severity Category 2</u>: This severity category would apply if the most severe damage of any wire center requires a severity code of yellow at the onset of the Force Majeure event, or where any wire center requires a severity code of yellow after the expiration of the statewide exception, applicable under the Severity 1 classification. At this severity level, the following provisions would apply:

- a) The Force Majeure exception for SEEM payments applies, to the Affected Measures in those wire centers where the severity code of yellow exists, for the lesser of forty-five (45) days, or the point at which the status of the impacted wire center becomes green;
- b) At the end of the 45-day period, the Force Majeure exception for SEEM payments expires for the measures Missed Installation Appointments (MIA) and Missed Repair Appointments (MRA), and continues for the other Affected Measures in those wire centers until the status of the impacted wire centers become green.

BellSouth Telecommunications, Inc. FPSC Dkt. No. 00121A-TP Responses to September 7, 2006 Workshop Action Items (2<sup>nd</sup> Set) Filing Date: September 29, 2006 Item No. 3 Page 1 of 3

REQUEST: a. Please provide the Bellsouth Telecommunication Florida projected net revenues over the next 5 years.

b. Please provide the BellSouth Telecommunications Florida specific dollar amount that is equivalent to the 36% cap over the next 5 years.

c. Please determine the BellSouth Telecommunications Florida specific SEEM payments over the most recent 12-month period assuming a 100 percent performance failure rate for received transactions. What percentage of BellSouth Telecommunications Florida net revenues does this represent?

RESPONSE: a. BellSouth is unable to provide projected net revenues for the next five years. However, the method used by the FCC for calculating net revenues, or actually "Net Return," is based on Automatic Report Management Information System ("ARMIS") data. ARMIS data is not based on projected net return, but rather is based on the most recent year's actual data. See Memorandum Opinion and Order, In the Matter of Application of Bell Atlantic New York for Authorization Under Section 271 of the Communications Act To Provide In-region, InterLATA Service in the State of New York, CC Docket 99-295, para. 436 (Dec. 22, 1999)("Bell Atlantic-New York Order"). Therefore, BellSouth has provided net return based on Florida ARMIS data for the most recent 5 years. See also Attachment 1.

	(Dollars in Thousands)			
Year	Total Net Return Cap at 36%			
2001	985,516	354,786		
2002	697,489	251,096		
2003	833,565	300,083		
2004	748,852	269,587		
2005	746,281	268,661		

b. See response to part a. See also Attachment 1.

BellSouth Telecommunications, Inc. FPSC Dkt. No. 00121A-TP Responses to September 7, 2006 Workshop Action Items (2<sup>nd</sup> Set) Filing Date: September 29, 2006 Item No. 3 Page 2 of 3

c. The estimate of Florida specific SEEM payments over the most recent 12-month period assuming a 100 percent performance failure rate for many measures is shown below.

For this estimate, the calculated SEEM payments at a 100% failure rate does not include failures for all measurements in the SEEM plan. For example, the cost provided <u>does not</u> include the impact of 100% failure for:

- OSS Response Interval
- Average Answer Time Ordering Center
- Acknowledgement Message Completeness
- Timeliness of Change Management Notices
- Timeliness of Documentation Associated with Change
- Percentage of Software Errors Corrected in "X" Business Days
- Percentage of Change Requests Accepted or Rejected within 10 Days
- Percentage of Software Change Requests Implemented within 60 Weeks of Prioritization

Also, the calculation for the Customer Trouble Report Rate measure assumes only a 3% difference between BellSouth retail and CLEC report rates. Further, no administrative costs associated with the SEEM plan are considered. BellSouth Telecommunications, Inc. FPSC Dkt. No. 00121A-TP Responses to September 7, 2006 Workshop Action Items (2<sup>nd</sup> Set) Filing Date: September 29, 2006 Item No. 3 Page 3 of 3

For the measures that were included, the change in SEEM was based on 6-months of calculated Tier 1 payments and 4 months of Tier 2 payments. These amounts are then annualized to yield an estimated cost for a 12-month period. The chart below summarized the calculated SEEM payments under this scenario.

Tier	Month	Analog Measures	Benchmark Measures	All Measures
1	January	12,365,391	49,960,726	62,326,118
1	February	30,717,607	53,018,441	83,736,048
1	March	43,812,863	91,023,898	134,836,761
1	April	53,247,067	91,800,558	145,047,625
1	May	71,819,077	116,683,852	188,502,928
1	June	70,166,932	95,669,177	165,836,109
6-Mor	nth Tier 1 Total	282,128,937	498,156,651	780,285,589
2	March	11,294,899	69,019,310	80,314,210
2	April	29,973,738	65,843,977	95,817,715
2	May	25,202,201	68,906,725	94,108,926
2	June	22,207,967	64,598,363	86,806,330
4-Mor	nth Tier 2 Total	88,678,805	268,368,375	357,047,180
Annua	alized Tier 1	564,257,875	996,313,303	1,560,571,178
Annua	alized Tier 2	266,036,414	805,105,126	1,071,141,541
Annua	alized Total	830,294,289	1,801,418,429	2,631,712,718

Based on the annualized data above, at 100% failure, SEEM liability would be about \$2.5 billion. This represents about 350% of BellSouth's net return based on year 2005 ARMIS data. Thus, under the current plan, the 100% failure rate on received transactions generates 9.7 times (350%/36%) the 36% cap limit. Consequently, an argument can be made that application of the New York fee schedule as discussed in the *Bell Atlantic – New York Order*, would require a substantial reduction in the current SEEM fee schedule to at most one-tenth of the current amount..

BellSouth Telecommunications, Inc. FPSC Dkt. No. 00121A-TP Responses to September 7, 2006 Workshop Action Items (2<sup>nd</sup> Set) Filing Date: September 29, 2006 Item No. 4 Page 1 of 1

- REQUEST: Please provide a proposal for expanding the Reason Codes for SEEM adjustments.
- RESPONSE: BellSouth believes that there is no need to expand the existing set of reason codes. As part of the discussions that took place during the last 6month review, as well as subsequent input from CLECs through BellSouth's CLEC Interface Group, BellSouth expanded the list of available reason codes for SEEM adjustments to the PARIS Transmitted Payment Report in March 2006. BellSouth now has thirteen reason codes and proposes to continue to use this recently expanded list of adjustment codes provided below:
  - IC Inclement Weather
  - CR Changed PSC Requirement
  - MC Mitigating Circumstance (no longer utilized)
  - SE Software Error
  - CE Manual Calculation Error
  - DE Data Error
  - TP Triple Pay for Nascent Srvs.
  - RR PARIS Re-Run
  - FM Failure Month Count
  - SP Subsequent pass in a rerun
  - AB Alternate Benchmark
  - RA Adjustment to existing remedy
  - NF New failure in a re-run

These codes and descriptions are available on the PMAP website. Further, CLECs have the opportunity, if necessary, to request more detail via the PARIS report Feedback form. BellSouth Telecommunications, Inc. FPSC Dkt. No. 00121A-TP Responses to September 7, 2006 Workshop Action Items (2<sup>nd</sup> Set) Filing Date: September 29, 2006 Item No. 5 Page 1 of 2

- REQUEST: Please discuss the feasibility of accumulating proposed PMAP notification changes to individual measures to understand the overall impact to performance measures.
- RESPONSE: BellSouth believes that it is feasible to accumulate the impact of multiple changes to a single measure in a given month. It is, however, not feasible for BellSouth to aggregate multiple months worth of changes to a particular measure to determine the overall impact to that measure. Attempting to do so would be overly burdensome to BellSouth given that the individual changes to a particular measure may be associated with several different RQs, with different implementation dates. Moreover, the actual impacts of the changes are not ascertainable until the RQs are implemented. Even then, BellSouth would not be able to easily determine which changes resulted in specific changes to the reported results. Further, changes in the product mix ordered by CLECs, mergers and acquisitions in the CLEC community and PSC orders can cause shifts in the data that are not caused by BellSouth's code changes.

BellSouth has already invested significant resources participating in external audits to ensure that the PMAP code is correct and that changes to the code were handled appropriately. Through the course of these audits, no material issues were found and BellSouth continues to be subject to external audits. Consequently, the CLECs' proposal will serve only to add more complexity to the process, with little apparent benefit to the industry. Given that the point of BellSouth making changes to its code is to comply with the SQM, if any changes are made to the process the aim should be simplification and BellSouth would propose to streamline the process. BellSouth Telecommunications, Inc. FPSC Dkt. No. 00121A-TP Responses to September 7, 2006 Workshop Action Items (2<sup>nd</sup> Set) Filing Date: September 29, 2006 Item No. 5 Page 2 of 2

In order to streamline the Data Notification process, and provide a better understanding of the overall impact of measurement changes, BellSouth proposes making the following modifications to the process (see also Attachment 2, Redline version of the Data Notification Policy):

- 1. BellSouth will aggregate changes to a single measure with multiple RQ's during a single release month to determine the overall impact to the metric.
- 2. BellSouth proposes to eliminate one of the Data Notifications and the associated industry call. Instead, there would be a single notice and industry call for Proposed Data Changes only, which would occur at the currently scheduled time that applies to the Preliminary Data Notification and industry call. This eliminates the need to discuss the same proposed changes twice. This streamlines the process and eliminates redundant work activities with respect to a specific identified change.
- 3. BellSouth proposes to no longer place changes on the Data Notification document that have no impact on reported results. For example, if the problem addressed by a proposed change is data displayed incorrectly on a report, and not incorrect data, this correction would not appear on the Notice.

This proposal by BellSouth is based on the assumption that agreement can be reached with the CLECs to implement the above changes on a regional basis.

BELLSOUTH<sup>®</sup>

# Appendix F: BellSouth PMAP Data Notification Process

- On the first business day of the month <u>sixty (60) days</u> preceding the data month for which BellSouth proposes to make any change to the method by which its performance data is calculated, BellSouth will provide written notice of any such proposed changes (hereinafter referred to as "Proposed Data Changes"). This notice will identify the affected measure(s), describe the proposed change, provide a reason for the proposed change, and outline its impact. At the same time BellSouth will provide written notice of any known changes BellSouth is considering making to the method of calculating performance data for the following data month (hereinafter referred to as "Preliminary Data Changes").
- No later than four business days after the written notice referenced above has been provided, BellSouth will
  conduct an industry conference call at which time the affected parties as well as the Commission can ask
  questions about either the Proposed Data Changes or the Preliminary Data Changes. The call will be
  conducted from 2:00 to 5:00 p.m. (Eastern Time).
- 3. No later than ten (10) business days after the industry conference call, affected parties must file written comments with the Commission to the extent they have objections or concerns about the Proposed Data Changes.
- 4. The <u>Proposed Preliminary</u> Data Changes set forth in the written notice referenced above would be presumptively valid and deemed approved by the Commission effective thirty (30) sixty (60) calendar days after that notice unless the Commission Staff directs BellSouth not to go forward with the changes.

BellSouth Telecommunications, Inc. FPSC Dkt. No. 00121A-TP Responses to September 7, 2006 Workshop Action Items (2<sup>nd</sup> Set) Filing Date: September 29, 2006 Item No. 6 Page 1 of 1

REQUEST: a. Please provide an analysis of the impact to SQM and SEEM for P-4 if the change in the retail analog (interval guide) was adopted. The impact should be applied to at least six months of historical SQM and SEEM data, and include the impact to Tier 1 and 2 payments.

b. Please provide input regarding the possibility of locking-in the intervals as reported in the Intervals Guide in lieu of the BST proposal for retail analog/benchmarks for **P-4** and only changing them upon annual reviews of the Performance Assessment Plan.

RESPONSE: a. There are three product categories in the SQM for which BellSouth proposed a change to the P-4 measurement standard based on the interval guide. These three product categories are: UNE xDSL (HDSL, ADSL and UCL) without conditioning, UNE xDSL (HDSL, ADSL and UCL) with conditioning and UNE Line Splitting/Sharing with Conditioning. For UNE Line Splitting/Sharing with Conditioning, there was no activity for the six-month period from March - August 2006. For the UNE xDSL product categories with activity for this six-month period, there was no change to the equity indicator, and no change to SEEM results. Attachment 3 contains data for the categories with activity for the period March – August 2006.

b. Of course, one approach to setting measurement intervals for the products identified is to lock-in intervals reported in the Interval Guide, which would then remain in effect until changed at an annual review. This, however, does not address BellSouth's concern that the intervals in the Interval Guide are subject to change and the SQM would not match the Interval Guide. Therefore, BellSouth still believes that pointing to the Interval Guide is preferable to locking-in the intervals until changed in annual review.
