Please refer to document number 08850-06.
In it is a discussion addressing the "originally" submitted documents that can now be returned to PEFI.
I understand that PSC procedures require a new document number but I don't think John Burnett does.
I'll make sure John Burnett understands that "substitute" can not be done literally as his letter may appear to request.
John Burnett simply wants to ensure that PSC staff relies on the "revised confidential documents" for purposes of addressing pending PEFI matters in Docket No. 060198-EI, rather than prior versions of the documents.
