Issue 3: Should these dockets be closed?

Recommendation: Staff recommends that the Order issued from this recommendation will become final and effective upon issuance of a Consummating Order, unless a person whose substantial interests are affected by the Commission's decision files a protest that identifies with specificity the issues in dispute, in the form provided by Rule 28-106.201, Florida Administrative Code, within 21 days of the issuance of the Proposed Agency Action Order. As provided by Section 120.80(13)(b), Florida Statutes, any issues not in dispute should be deemed stipulated. If the company fails to timely file a protest and to request a Section 120.57, Florida Statutes, hearing, the facts should be deemed admitted and the right to a hearing waived. If the company's authority to provide CLEC service is denied, its IXC Registration No. TK143 and tariff is cancelled and its name removed from the register in accordance with the Commission's Order from this recommendation, the company should be required to immediately cease and desist providing competitive local exchange telecommunications service and intrastate interexchange telecommunications service in Florida. If there is no protest, these dockets should be closed upon issuance of the Consummating Order. A protest in one docket should not prevent the action in a separate docket from becoming final.
