

VOTE SHEET

August 14, 2007

Docket No. 070350-EG – Petition for approval of residential load control program by Florida Power & Light Company.

Issue 1: Should the Commission approve Florida Power & Light’s (FPL) petition to offer the currently approved Pilot Program as a permanent demand side management (DSM) program?

Recommendation: Yes. The currently approved Pilot Program continues to meet the policy objectives of the Florida Energy Efficiency and Conservation Act and should, therefore, be approved as a permanent demand side management (DSM) program. The revised tariff sheets for a permanent Residential Load Control Program contained in Appendix A of staff’s August 2, 2007, memorandum should be approved. FPL should be allowed to petition for recovery of expenditures for its Residential Load Control Program through FPL’s Energy Conservation Cost Recovery (ECCR) Clause.
