Hi Jeff,

I can make the change to the docket title as requested. However, I am unable to force utility names to different lines. When I enter utility names, they automatically appear in the list alphabetically. I will check with ITS and see if there's something they can do to assist you in this matter though.

Dorothy

Dorothy,

Can you please change the docket title to include the names of both companies as they appear in MCD? (A call has been made to the attorney regarding a future name change amendment.)

Also, if it is possible, can you please move the utility name entries (the ones with company codes) to the first two company lines and the ones without company codes to the bottom? The reason this is requested is because the NAATS report engine can only read the first three company lines when it searches for company codes. Since one of the company codes in below the first three spots, it isn't searchable (yet).

Does this make sense? If not, I'll come down.
