Dear: Commissioner: Argenziano:

I and associated neighbors are contacting you regarding the above docket number. "a rate increase requested by Orangeland Water Supply". We are not opposing the request for rate increase but the amount and significance of the proposed increase. Please understand that many of us have known and respected Mr. Snell for many years. We do not believe that it is his desire to cripple a community that he has been associated with for many years. Our small community is by no means affluent, consisting of retirees and main stream working families. This excessive, unfair, and irrational proposal could possibly Cripple families struggling under our present economic situation. We respectfully request that you take serious consideration in dealing with this proposal and administer a fair and equitable rate and decision in this matter.

Sincerely,

  
Phillip J. Aleci
