REDACATIONIANG

VoIP

10. Indicate below whether you are offering VoIP service to end users in Florida. VoIP service is defined as IP-based voice service provided over a digital connection. Please check any that apply.

Not offering VoIP service to end users

- X Offering VoIP services to business end users
 - Offering VoIP services to residential end users
- 11. If you are offering VoIP service in Florida:
 - a. Where are you offering VoIP service, e.g., specific cities, counties, statewide, etc.?

 Knology is currently offering its IP-based Matrix VoIP product in the Panama City,

 Panama City Beach, Lynn Haven, Tarpon Springs, Clearwater and St. Pete

 Exchanges
 - b. What is the range of prices for residential VoIP service?

 Knology is not currently offering an IP-based residential product
 - c. What is the range of prices for business VoIP service?

d. Please check all that apply to your VoIP service:

Offer wireless VoIP service

- X Offer wireline VoIP service
- Optional power backup
- X Standard power backup
- X Contribute to Universal Service Fund
- Peer-to-Peer only (no interconnection with PSTN).
- Use of public Internet
- X Use of private IP network
- e. If you are not offering VoIP service to end-users in Florida, do you anticipate

RIMACTEDALLING

doing so? If yes, identify rollout month/year.

12.	Do you offer broadband to residential customers in Florida? Please check the applicable
	answer. X Yes
	No
13.	If you do offer broadband to residential customers in Florida, please provide your best estimate of the percentage of residential end user premises in your Florida service area for which your broadband services are available.
14.	For your Florida territory in which you currently do not offer broadband, what percentage of these customers do you plan to provide broadband availability in the next 5 years?
15.	How many residential broadband subscribers do you have in Florida?
16.	Please list the method(s) of broadband provisioning utilized in Florida by your company (i.e. DSL, cable modem, fiber, etc.). <u>Cable Modem</u>
17.	What are the typical downstream and upstream speeds for your most popular broadband service?
18.	What is the monthly price for your most popular residential broadband service?
<u>Fiber</u>	· Deployment
19.	Did you deploy fiber to homes or businesses in Florida between May 31, 2006 and December 31, 2007?
	$\underline{\underline{X}}$ Yes
20.	If you answered Yes to question 19 above, please provide the following information:
٥٠.	1. Jou answered it es to question 12 above, piease provide me following information.
	a. Location of each deployment (e.g., name of development, wire center, and exchange).

4

REDACTED FILING

	b.	Type of infrastructure for each deployment (e.g., Fiber to the Home/Fiber to the Premises/Fiber to the Curb).
	c.	Number of residential and business premises passed in each deployment and the number of residential and business subscribers for each. This includes Fiber to the Home, Fiber to the Premises, and Fiber to the Curb.
		Residential premises passed Residential subscribers Business premises passed Business subscribers
	d. Wl	hat services do you offer in each deployment?
21.		e provide your company's total statewide of residential and business subscribers atly served by Fiber to the Home, Fiber to the Premises, and\or Fiber to the Curb plogy.
		Residential Subscribers Business Subscribers Total
Misc	ellane	<u>ous</u>
22.		endar year 2007, how much money did you invest in your network directly serving la's local service customers? Please check the applicable answer.
		\$1 - \$249,999 \$250,000 - \$999,999 \$1,000,000 - \$9,999,999 \$10,000,000 or more
23.	Are ye no.	ou currently operating under Chapter 7 or Chapter 11 protection? Please check yes or Yes No
24.	a. J	e provide a copy of the Form 477 you filed with the FCC with data as of: une 30, 2007 December 31, 2007

REDACTED FILING

25. Did the relief requested in Verizon's petition for Forbearance deemed granted by operation of law, effective March 19, 2006, affect your business model going forward? If so, how?
No

Comments

26. Have you experienced any significant barriers in entering Florida's local exchange markets? Please list and describe any major obstacles or barriers encountered that you believe may be impeding the growth of local competition in the state, along with any suggestions as to how to remove such obstacles. Any additional general comments or information you believe will assist staff in evaluating and reporting on the development of local exchange competition in Florida are welcome.

Table 1: Traditional Retail Switched Access Lines on a Voice-Grade Equivalent (VGE) Basis REDACTED FILING

Company Name:	Knology of Florida, Inc. (JUNE 30, 2007 DATA)
ounpainy	TX215
Company Code*:	TAZ 13

THIS TABLE IS TO ONLY CAPTURE TRADITIONAL RETAIL SWITCHED ACCESS LINES. DO NOT INCLUDE LINES REPORTED IN TABLE 5.

Complete Table 1 if you provided voice telephone service to Florida end users via one or more voice-grade equivalent (VGE) lines or fixed wireless VGE channels. See FCC Form 477 definitions and instructions for Line A.II-1 and complete this table accordingly.

Each Exchange name and corresponding data must be entered in a separate row.

Do not report special access lines or any high-capacity connections between two locations of the same end user, ISP, or telecommunications carrier.

Please provide data as of June 30, 2007 and as of December 31, 2007 in two separate tables.

2: Resold Lines Provided to Unaffiliated Telecommun Cons Carriers on a Voice-Grade Equivalent (VGE) Basis

Company Code*:

THIS TABLE IS TO ONLY CAPTURE RESOLD LINES PROVIDED TO UNAFFILIATED TELECOMMUNICATIONS CARRIERS.

Complete Table 2 if you provided one or more *voice-grade equivalent (VGE)* lines or fixed wireless *VGE* channels to *unaffiliated* telecommunications carriers, including those under *commercial* agreements, to enable the *unaffiliated* carriers to provide *voice telephone service* to Florida end users. See FCC Form 477 definitions and instructions for *Line B.II-2* and *Line B.II-3* and complete this table accordingly, except that you should *not* report any UNE-Ps in this table.

Each Exchange name and corresponding data must be entered in a separate row.

Report all lines and channels under resale arrangements with unaffiliated carriers, including other resale arrangements under commercial agreements that replace, or substitute for, UNE arrangements or line-sharing. However, do not report any Local Platform (formerly known as UNE-P) loops in this table, as those should be reported in Table 4. Examples of other resale arrangements also include Centrex/Centron or Special Access service to enable the unaffiliated carriers to provide local telephone service to their end users. However, do not report special access lines or any high-capacity connections between two locations of the same end user, ISP or telecommunications carrier.

Table 5: VolP Access Lines on a Voice-Grade Equivalent (VGE) Basis REDACTED FILING

Company Name:	Knology of Florida, Inc. (JUNE 30, 2007 DATA)		
	TX215		
Company Code*:			

THIS TABLE IS TO ONLY CAPTURE VOIP LINES. DO NOT INCLUDE LINES REPORTED IN TABLE 1.

Complete Table 5 if you provided VoIP service to Florida end users via one or more voice-grade equivalent (VGE) lines or wireless VGE channels.

An access line connects the end user's customer premises equipment (CPE) to the serving switch and allows the end user to originate and/or terminate local telephone calls on the public switched telephone network (PSTN). The access line counts in Table 5 below must be based on all of your different types of access lines (including fixed wireless) that are used to provide VoIP service.

Each field must be populated. All entries must be made without quotation marks.

TABLE COLUMN INSTRUCTIONS:

Column (a). List Exchanges in alphabetical order corresponding to the primary location where service is provided. Reported exchange data should not be based on secondary service locations (i.e., where service has been moved temporarily to a secondary location such as a vacation home).

Column (b). Enter the abbreviation Res for Residential lines or Bus for Business lines. Residential lines and business lines must be entered in separate rows.

Column (c). Enter line count as voice-grade equivalents (VGEs). Report VGEs based on how the customer is billed. If the customer is billed for a dynamic bandwidth VoIP product, the line count would be the maximum number of VoIP lines available. If the customer is billed for a specific number of VoIP lines, or a range of lines, the VoIP line count would be the number of VoIP lines or the highest number of the range, respectively. Each line count must be entered in separate rows.

Please provide data as of June 30, 2007 and as of December 31, 2007 in two separate tables.
