Subject: confidential documents from Vision, DN 080512

Per conversation with Marguerite this morning, the documents 07975-08 and 08856-08 that were received from Vision / FL [in the work on Docket No. 080512] have been returned to the clerk's office. Staff has no further need for these documents and they may be returned to the source.

It will not be necessary for staff to evaluate the recently filed documents that would be required to make a determination that confidential treatment is justified for any of the documents that have been filed in this docket. All documents filed as confidential may be returned to the source.

Thanks for your help.
