ECONOMIC REGULATION

RECEIVED-FPSC

To: Florida Public Service Commission From: Mobile Manor Water Comparation 6 PM 1: 47 Date: March 31, 2009 Subject: Interim rate increase & Staff Assisted 9910 Base CLERK

We have recently gone through a major transformation on the board and park manager levels for Mobile Manor Inc & Mobile Manor Water Company Inc. The new Board of Directors and Bensons Management are **new** to running a public utility and as such needs some assistance in getting our company on the right track.

In addition to the Staff assisted rate case we are requesting an immediate <u>interim rate increase</u> due to rising expenses. The utility experienced a loss of \$20,448.00 in 2008 and faces a loss of approximately \$30,000.00 in 2009. There has been no rate index increases filed since 1994 and <u>no increase</u> in meter rates the entire time. I just filed and received the first index increase in 16 years to take effect April 19, 2009. There has <u>never</u> been an Administrative charge on the water bills to help offset costs.

## We are incurring additional expense at an alarming rate. Just to quote a few

- Had to hire a new park manager whose salary is split proportionally between Mobile Manor Inc. and Mobile Manor Water Co.(old salary \$6,000.00) new salary for water \$15,000.00
- Office Clerical (wasn't replaced years ago to save money) new for water \$ 9,900.00
- New EPA Stage II Testing (started in 2008) is running \$4,000.00 a year
- LCHD has doubled water testing prices since 2007
- We now have a automobile expense to take our own samples to LCHD (they no longer take the samples for us)
- Lee County Utility furnishes our water to the community. LCU increased our water purchase price .74 cents for each 1000 gallons purchased in 2007. We purchase 6.7 million gallons annually.
- All other expenses has gone up
- I have checked on other communities only to find out that the meter rate they are charging is twice the rate of our current price of \$5.77 a month.

To make things worse we are a snowbird community and 213 of the 313 residents go north for the summer. We in turn can only collect on the meter charge and receive no income from water usage.

I am requesting to have a staff assisted rate change hoping to get some relief to offset expenses and direction on the best way to operate the Utility. Unless some changes are made quickly we are facing bankruptcy. Currently we have an outstanding note for \$20,000.00 due to Mobile Manor Inc. It was necessary to procure the loan in order to operate the utility.

Tom Hawkins

Tom Howbers

President of the Board Mobile Manor Water Company Inc.

0000MENT HUMBER-DATE

**FPSC-COMMISSION CLERK**
