RE: Docket No. 080249-WS; Labrador Utilities, Inc.'s Application for an Increase in Water and Wastewater Rates in Pasco County, Florida
Our File No.: 30057.157

Dear Ms. Cole:

Enclosed for filing in the above-referenced docket is Labrador Utilities, Inc.'s response to Staff's Third Data Request, dated April 7, 2009.

Please provide staff with the following information to facilitate our review of Labrador Utilities, Inc.'s application.

1. Please refer to Schedule E-2, page 3, and the supporting Schedule E-14, pp. 16-20. Data for 2" irrigation water customers is shown on these pages, indicating that 24 bills were rendered during the test year.

- A) please provide the names (customers of record) of each irrigation customer billed during the test year.

RESPONSE: There are two 2" irrigation accounts, both of which are in the name of Forest Lake Estates Co-op. The first is account is Legacy system account number 006930011961 (CC&B No. 6017800000); which is located at 6360 Spring Lake Circle near the Forest Lake Estates clubhouse. The second is Legacy account number 006930018981 (CC&B no. 2763900000) located at 1 Forest Lake Circle near the entrance to the community. There was no consumption for these accounts during the test year.

- B) There is no corresponding consumption indicated for these customers. Was there consumption associated with any of these bills that was not reflected on Schedules E-2 and E-14?

RESPONSE: As noted above, there was not any consumption associated with any of these accounts that should have been reflected on Schedules E-2 and E-14 because the Forest Lake Estates Co-op did not use either of the two the irrigation systems during the test year.

- C) If the response to (b) is affirmative, please revise the appropriate Schedules E-2 and E-14.

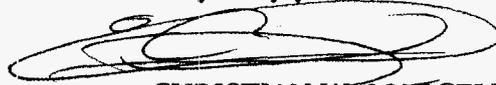

RESPONSE: N/A. See Response to Item b.

- D) If the response to (b) is negative, when was consumption last billed to a 2" irrigation customer?

RESPONSE: The last time a 2" irrigation meter was billed for gallons consumed was in November 2006 when account 6930018981 utilized 9000 gallons.

Should you or the Staff have any questions regarding this filing, please do not hesitate to give me a call.

Very truly yours,

CHRISTIAN W. MARCELLI
