*Re: Joint Petition to Approve Territorial Agreement between the Ocala Electric Utility and Progress Energy Florida, Inc.; Docket No. 080724-EU*

Dear Ms. Cole:

On behalf of Progress Energy Florida, Inc. ("PEF"), this letter serves as additional information provided as clarification in response to an informal discussion between Staff, PEF and Ocala Electric Utility ("OEU") held on March 4, 2009.

The map indexes submitted in Docket No. 080724-EU and in the Attachment C to the Staff Data Request dated January 29, 2009 are accurate and reflect the current respective service territories between PEF and OEU. The territorial boundaries reflected in these map indexes represent modifications to the territorial boundaries previously approved by the Commission in 1997 per Order No. PSC-98-0443-FOF-EU in Docket No. 971543-EU. These modifications to the territorial boundary filed in Docket No. 080724-EU will meet the goals of the territorial agreement to avoid uneconomic duplication of facilities, wasteful expenditures as well as provide for safe and reliable provision of service to customers. These modifications do not result in any impact to customers nor do they require the transfer of any customers.

If you have any questions, please call me at (727) 820-5509.

Sincerely,
