

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for increase in rates by Progress
Energy Florida, Inc.

DOCKET NO. 090079-EI
ORDER NO. PSC-09-0597-PCO-EI
ISSUED: September 2, 2009

ORDER GRANTING MOTION FOR TEMPORARY PROTECTIVE ORDER

On May 20, 2009, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006(6)(c), Florida Administrative Code (F.A.C.), Progress Energy Florida, Inc. (PEF) filed a Motion for Temporary Protective Order to exempt from Section 119.07(1), F.S., certain confidential information included in PEF's responses to the Office of Public Counsel's (OPC) Seventh Request for Production of Documents, Nos. 189, 190, and 196. This request was filed in Docket No. 090079-EI. No other party filed a response to PEF's motion, and the time for doing so has expired.

Motion for Temporary Protective Order

PEF contends that its responses to Request Nos. 189 and 190 include contractual terms and agreements, including the scope of work, pricing arrangements and contractor responsibilities related to the Higgins and Turner Plant Dismantlement Projects. PEF contends that such information, if made available to the public, could place PEF at a competitive disadvantage with respect to competitors when attempting to contract for like services, as well as parties with which PEF would hope to contract in the future. Further, PEF asserts that if market participants possessed PEF's confidential information they would be able to adjust their behavior in the market place by changing the prices at which PEF is able to contract for such services. PEF also contends that the information produced in response to Request No. 196 contains information relating to the production life of the company's combined cycle generating units. PEF asserts that such information, if made available to the public, could place PEF at a competitive disadvantage when attempting to contract for necessary replacement parts and/or maintenance services by allowing market participants to adjust their behavior accordingly. Thus, PEF submits that the information is exempt pursuant to Section 366.093(3)(e), F.S.

Analysis & Ruling

Rule 25-22.006(6), F.A.C., codifies the Commission's policy regarding the protection of confidential information from public disclosure during the discovery process in a manner that is not overly burdensome to both parties. Rule 25-22.006(6)(c), F.A.C., in pertinent part, states:

When a utility or other person agrees to allow Public Counsel to inspect or take possession of utility information for the purpose of determining what information is to be used in a proceeding before the Commission, the utility may request a temporary protective order exempting the information from Section 119.07(1), F.S. If the information is to be used in a proceeding before the Commission, then

the utility must file a specific request for a protective order under paragraph (a) above.

Upon consideration, PEF's Motion for Temporary Protective Order of documents responsive to OPC's Seventh Request for Production of Documents, Nos. 189, 190, and 196 is granted. PEF has made sufficient assertions that the material should be protected from disclosure pursuant to Rule 25-22.006(6)(c), F.A.C., while OPC reviews the information to determine what information will be used in this proceeding. Accordingly, this information will be protected from disclosure pursuant to Rule 25-22.006(6), F.A.C.

Based on the foregoing, it is

ORDERED by Commissioner Nathan A. Skop, as Prehearing Officer, that the Motion for Temporary Protective Order filed by Progress Energy Florida, Inc. is hereby granted as set for the herein.

By ORDER of Commissioner Nathan A. Skop, as Prehearing Officer, this 2nd day of September, 2009.
