ORDER GRANTING GRANDFATHER WATER AND WASTEWATER CERTIFICATES TO
NORTH BEACH UTILITIES, INC. AND SETTING RATES

BY THE COMMISSION:

On December 2, 2008, the Board of County Commissioners of St. Johns County passed Ordinance No. 2008-57, declaring the privately owned water and wastewater utilities in St. Johns County to be subject to the provisions of Chapter 367, Florida Statutes (F.S.). The Ordinance was filed with us on January 16, 2009, and acknowledged by us on February 12, 2009.¹ The effective date of the transfer of jurisdiction is January 16, 2009. Pursuant to Section 367.171(2)(b), F.S., each utility engaged in the operation or construction of a system shall be entitled to receive a certificate for the area served by such utility on the day the chapter becomes applicable to the utility.

On April 13, 2009, North Beach Utilities, Inc. (North Beach or utility) filed an application for certificates under grandfather rights to provide water and wastewater service in St. Johns County pursuant to Section 367.171, F.S. The application was completed on June 4, 2009. Pursuant to Section 367.031, F.S., we are required to grant or deny certificates of authorization within 90 days after the official filing date of the completed application, which is September 2, 2009.

North Beach has been in existence since 1970 and it provides water and wastewater service for approximately 1,191 residential and commercial customers. The utility is located in an area of the St. Johns River Water Management District which is considered potential priority water resource caution area.

¹ Order No. PSC-09-0092-FOF-WS, issued February 12, 2009, in Docket No. 090029-WS, In Re: Ordinance by Board of County Commissioners of St. Johns County relating to regulation of water and wastewater utilities within the unincorporated areas of St. Johns County.

FPSC-COMMISSION CLERK

We have jurisdiction pursuant to Section 367.171, F.S.

As discussed above, the Board of County Commissioners of St. Johns County transferred jurisdiction of privately-owned water and wastewater utilities in the county to us on January 16, 2009. On April 13, 2009, an application was filed on behalf of North Beach to provide water and wastewater service under the grandfather rights of Section 367.171(2)(b), F.S. The application was completed on June 4, 2009, making this the official filing date pursuant to Section 367.031, F.S. The application is in compliance with the governing statute and other pertinent statutes and administrative rules concerning an application for grandfather certificates.

The application indicates that North Beach became a corporation in 1983. Rule 25-30.035(6), Florida Administrative Code (F.A.C.), requires proof that the utility owns the land upon which the treatment facilities are located or evidence for the continued use of the land. North Beach has provided proof of ownership of the land on which the water and wastewater facilities are located.

An accurate territory description and adequate service territory and system maps have been provided as prescribed by Rule 25-30.035(9), (10), and (11), F.A.C. A description of the territory is found in Attachment A. We have contacted the Department of Environmental Protection and learned that there are no outstanding notices of violation.

We have advised the utility that it must submit a 2009 annual report and remit 2009 regulatory assessment fees for the period of January 16, 2009, through December 31, 2009, by March 31, 2010. In addition, we explained to the utility the need to maintain its books and records according to the National Association of Regulatory Utility Commissioners Uniform System of Accounts, as well as the need to keep the utility books and records separate from non-utility business. According to the owners, they are aware of these requirements, since they were initially regulated by us in the mid-1980s.

Based on the above information, North Beach is granted Water and Wastewater Certificate Nos. 645-W and 553-S to serve the territory described in Attachment A. North Beach is required to pay regulatory assessment fees and file an annual report from the jurisdictional date, January 16, 2009, through December 31, 2009, by March 31, 2010.

According to the application, St. Johns County approved the rates and charges shown on Schedule No. 1. The utility's rates and charges that were in effect when St. Johns County rescinded jurisdiction, shown on Schedule No. 1, are approved. On May 22, 2009, the utility applied for a 2009 pass-through rate adjustment to address the inclusion of regulatory assessment fees. The pass-through rate adjustment was approved effective July 1, 2009. Accordingly, North Beach is required to charge the approved rates, including the pass-through rate increase, until authorized to change by us in a subsequent proceeding. The rates shall be effective for services rendered on or after the stamped approval date on the tariff sheets pursuant to Rule 25-30.475, F.A.C.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that North Beach Utilities, Inc. is granted Water and Wastewater Certificate Nos. 645-W and 553-S to serve the territory described in Attachment A, effective January 16, 2009. It is further

ORDERED that North Beach Utilities, Inc is required to pay regulatory assessment fees and file an annual report from the jurisdictional date, January 16, 2009, through December 31, 2009, by March 31, 2010. It is further

ORDERED that Rates and Charges on Schedule 1 are approved and that North Beach Utilities, Inc is required to charge the approved rates, including the pass-through rate increase, until authorized to change by us in a subsequent proceeding. It is further

ORDERED that the rates shall be effective for services rendered on or after the stamped approval date on the tariff sheets pursuant to Rule 25-30.475, F.A.C. It is further

ORDERED that this docket shall be closed.

By ORDER of the Florida Public Service Commission this 10th day of September, 2009.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Any party adversely affected by the Commission's final action in this matter may request: 1) reconsideration of the decision by filing a motion for reconsideration with the Office of Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, within fifteen (15) days of the issuance of this order in the form prescribed by Rule 25-22.060, Florida Administrative Code; or 2) judicial review by the Florida Supreme Court in the case of an electric, gas or telephone utility or the First District Court of Appeal in the case of a water and/or wastewater utility by filing a notice of appeal with the Office of Commission Clerk, and filing a copy of the notice of appeal and the filing fee with the appropriate court. This filing must be completed within thirty (30) days after the issuance of this order, pursuant to Rule 9.110, Florida Rules of Appellate Procedure. The notice of appeal must be in the form specified in Rule 9.900(a), Florida Rules of Appellate Procedure.
