Re: Docket No. 090478 of October 16, 2009
 In the name of Skyland Utilities, LCC (WS936)
 Application for original certificates for proposed water and wastewater system in Hernando and Pasco Counties, and request for initial rates and charges by Skyland Utilities, LCC.

Commissioners and staff:

We would like to file a formal objection and support the request of Pasco County for a hearing with the Public Utilities Commission.

Our group consists of many concerned citizens who live in Eastern Pasco County and are against the creation of a new water and wastewater utility that would compete with the Pasco County and Hernando County existing county utility services.

There is no need for the creation of a private utility as the area designated is currently mostly uninhabited except for grass and cattle. The Future Land Use of the area is agricultural. Most of the land identified is also designated by comprehensive plans as rural and protected.

As stated in a draft of Pasco County's objection, this request is speculative and contrary to all plans for the county's administration of growth and plans to provide service to its citizens and residents. We agree with all ten statements in The Pasco County petition and respectfully request that the Skyland Utilities, LCC, application for Original Certificates for Proposed Water and Wastewater System and Request for Initial Rates and Charges be denied.

Respectfully submitted by several members of the Northeast Pasco Concerned Citizens group;

s/ Richard K Riley, Trilby
 s/ Jill Yelverton, Blanton
 s/ Nancy Hazelwood, Blanton
 s/ Dot Wood, Blanton
 s/ Carol Cruz, Blanton
 s/ Judy Geiger, Lacochee
