Subject: FW: fuel refund order

Lisa, in reviewing Order No. PSC-09-0795-FOF-EI, Docket No. 090001-EI, we noticed a typo in the ordering paragraph regarding FPL's one-time credit (page 20) that I want to bring to your attention. The Order states that FPL " shall refund the 2009 under-recovery amount of \$364,843,209 to its customers in January 2010," but the \$364,843,209 is actually an over-recovery and is the net of FPL's 2008 Final True-up and 2009 Estimated/Actual amounts.

The Order does not provide any specific guidance as to how the refund is to be made to FPL's customers in January 2010. FPL plans to implement the refund consistent with the method that was specified by the Commission in Order No. PSC-09-0024-FOF-EI, Docket No. 080001-EI, with respect to the March 2006 Turkey Point Unit 3 outage. Order No. PSC-09-0024-FOF-EI stated that "...only retail customers of record shall receive a refund and that refund shall be applied as a cent per kilowatt-hour credit to customer bills in the month the refund is made." Following that method, FPL intends to implement its refund of the \$364,843,209 over-recovery by applying a cent per kilowatt-hour credit to retail customers of record during the January 2010 billing cycle.

Best regards, John
