- **Deferral of Proceeding – Requested in writing previously and also formally request at this meeting.**

Committee on Utilities Engineering

Throughout this presentation the Palm Valley Utility Annual Reports for 2004 and 2008 were used to compare similar line items. This committee was desirous to use the 2009 Annual Report, however that information was not available although the PSC staff refers to this information in several of their documents.

Committee on Utilities

- We did not have the Staff Report in time to adequately prepare for this meeting.
- What Used and Useful Calculations were used for the making of this Staff Report?
- Was a Professional Engineer involved in the preparation of the calculations for the Staff Report?
- It appears that the Staff gave the Company even more than requested in rate base.

Committee on Utilities

- The line item for Contractual Professional Services was used as a base.
- In 2004, the dollar value was **\$59,071** and in 2008 it was **\$73,105**. That is a:

A 24% increase!

Committee on Utilities

- The Annual Report for Palm Valley Utilities for 2004 the line item for Contractual meter readings was **\$1,887**.
- The Annual Report for Palm Valley Utilities for 2008 the line item for Contractual meter reading was **\$7,132**.

A **278%** increase, this needs explaining!

PALM VALLEY WATER AND SEWER RATES

Once upon a time, W&S was included in the rent. In October 2003, the park owner began to charge for W&S in exchange for \$29.66 per month reduction in rent. On November 1, 2005, the Park Owner imposed an indexed rate increase for W&S and the base facility charges. Then again in 2006, 2007 and 2008 the park owner imposed still more indexed rate increases. In September 2006 just those residents without recycled water were granted an additional \$8.44 reduction in rent for a total of \$38.00/month as a result of the Settlement Agreement signing.

Let's take a look at the impact the 2005, 2006, 2007 and 2008 miniscule rate increases had on each household when compared to the 2003 rates. And, the **astronomical** proposed increases for 2010.

| <u>2003 Rates</u> | <u>2005 Rates</u> | <u>2006 Rates</u> | <u>2007 Rates</u> | <u>2008 Rates</u> | <u>Proposed 2010 Rates</u> | |
|-------------------|-------------------|-------------------|-------------------|-------------------|--------------------------------|--|
| \$ 9.57 | \$ 9.68 | \$ 9.79 | \$ 9.89 | \$ 9.98 | \$ 11.24 | Water Base Facility Charge |
| +10.74 | +11.08 | +11.37 | +11.68 | +11.96 | + 27.80 | Sewer Base Facility Charge |
| \$20.31 | \$20.76 | \$21.16 | \$21.57 | \$21.94 | \$ 39.04 | Total Base Facility Charge (Incr. \$18.73) |
| | | | | | | |
| \$ 2.30 | \$ 2.33 | \$ 2.36 | \$ 2.38 | \$ 2.40 | \$ 2.70 | Water Rate/1000 Gal. + 4% Tax |
| +3.81 | +3.93 | +4.03 | +4.14 | +4.24 | +10.45 | Sewer Rate/1000 Gal. |
| \$ 6.11 | \$ 6.26 | \$ 6.39 | \$ 6.52 | \$ 6.65 | \$ 13.15 | Total W&S Rate/1000 Gal. (Incr. \$7.04) |

In less than seven years time, the base facility charge has almost doubled and the W&S rates per/1000 gal. have more than doubled. The base facility charge now exceeds the rent reduction, and every resident will pay \$39.04 to the utility without using one drop of water.

The background of the slide features a close-up, slightly blurred image of a broken wooden log on the left side, showing the texture of the wood and some reddish-brown staining. To the right of the log, there are dark, out-of-focus palm fronds or similar plant matter. The overall lighting is somewhat dim, giving the background a moody appearance.

TO: Public Service Commission

FROM: Palm Valley Home Owners Association Members

**RE: Docket No. 090447-WS - CSW Communities LP
d/b/a/ Palm Valley Utilities**

DATE: April 16, 2010

Palm Valley Home Owners Association (PVHOA) members are opposed to the recommended rate increase of the water and sewage usage. The PVHOA has reasonable doubt that the information contained in the Public Service Commission report is correct, therefore, the PVHOA is requesting the recommended rate increase be denied and that a more equitable adjustment be recommended.

The attached signatures represent the PVHOA members who oppose the rate increase as recommended.

TO: Public Service Commission

FROM: Palm Valley Home Owners Association Members

**RE: Docket No. 090447-WS - CSW Communities LP
d/b/a/ Palm Valley Utilities**

DATE: April 16, 2010

Palm Valley Home Owners Association (PVHOA) members are opposed to the recommended rate increase of the water and sewage usage. The PVHOA has reasonable doubt that the information contained in the Public Service Commission report is correct, therefore, the PVHOA is requesting the recommended rate increase be denied and that a more equitable adjustment be recommended.

The attached signatures represent the PVHOA members who oppose the rate increase as recommended.
