Re: Petition for approval of revisions to tariff interconnection agreements by Tampa Electric Company; FPSC Docket No. 100043-EQ

Dear Ms. Cole:

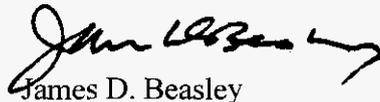

Enclosed are the original and fifteen (15) copies each of Tampa Electric Company's Second Revised Sheet No. 8.1045, Second Revised Sheet No. 8.1080 and First Revised Sheet No. 8.1115, containing changes from the corresponding changes originally filed on January 21, 2010. The changes include providing a customer with notification of approval or disapproval of a self-insurance application within 30 business days after the company's receipt of all documentation required to support the application. Also enclosed are the original and fifteen (15) copies of these tariff pages marked in legislative format to show the changes that have been made.

We would appreciate your circulating these revised pages to recipients of the original filing so that they may be substituted in place of the originals.

Please acknowledge receipt and filing of the above by stamping the duplicate copy of this letter and returning same to this writer.

Thank you for your assistance in connection with this matter.

Sincerely,

James D. Beasley

8. The RGS must have a GPR that does not exceed 90% of the Customer's utility distribution service rating at the Customer's location. If the GPR does exceed that 90% limit, the Customer shall be responsible to pay the cost of upgrades for that distribution service to accommodate the GPR capacity and ensure the 90% threshold is not breached.
9. The Customer shall maintain general liability insurance for personal injury and property damage in the amount of not less than one million dollars (\$1,000,000). The Customer shall provide initial proof of insurance, or sufficient guarantee and proof of self-insurance, evidencing the Customer's RGS as a covered addition to the Customer's insured property. The Customer shall submit similar proof of continuing insurance coverage within 30 days of any policy renewal. As an alternative to the foregoing insurance requirement, the Customer may self-insure upon receiving the Company's prior written approval. The Company will provide the Customer with written notification of approval or disapproval of a self-insurance application within 30 business days after the Company's receipt of all documentation required to support the application. In the event that the Company approves Customer's request to self-insure, Customer shall provide proof of its continuing ability to self-insure to the Company on an annual basis, or more frequently if requested by the Company.
10. Subject to an approved inspection, including installation of acceptable disconnect switch or completion of any expansion or other work identified in an interconnection study, this Agreement shall be executed by the Company within 30 calendar days of receipt of a completed application. If after initial inspection the Company determines that an interconnection study is necessary, there shall be no delay in execution of this Agreement associated with any such study and no charge to the Customer associated with the study. The Customer shall pay to the Company a **\$250**, one-time, nonrefundable application fee. If, as a result of any interconnection study that is performed associated with the RGS, it is determined that the Company's system or associated equipment must be expanded or costs must be incurred to accommodate the safe and reliable operation of the RGS on an interconnected basis with the Company, the Customer may be liable for charges to make such expansion or recoup such costs. Any such charges shall not be assessed on the Customer without prior approval of the Florida Public Service Commission as per Rule 25-6.065(4)(h). The Agreement shall not be entered into until the expansion or other work identified in the study has been completed and payment arranged for.

8. The RGS must have a GPR that does not exceed 90% of the Customer's utility distribution service rating at the Customer's location. If the GPR does exceed that 90% limit, the Customer shall be responsible to pay the cost of upgrades for that distribution service to accommodate the GPR capacity and ensure the 90% threshold is not breached.
9. The Customer shall maintain general liability insurance for personal injury and property damage in the amount of not less than two million dollars (\$2,000,000). The Customer shall provide initial proof of insurance, or sufficient guarantee and proof of self-insurance, evidencing the Customer's RGS as a covered addition to the Customer's insured property. The Customer shall submit similar proof of continuing insurance coverage within 30 days of any policy renewal. As an alternative to the foregoing insurance requirement, the Customer may self-insure upon receiving the Company's prior written approval. The Company will provide the Customer with written notification of approval or disapproval of a self-insurance application within 30 business days after the Company's receipt of all documentation required to support the application. In the event that the Company approves Customer's request to self-insure, Customer shall provide proof of its continuing ability to self-insure to the Company on an annual basis, or more frequently if requested by the Company.
10. Subject to an approved inspection, including installation of acceptable disconnect switch, this Agreement shall be executed by the Company within 30 calendar days of receipt of a completed application if there is no need for an interconnection study. The Customer shall pay to the Company a **\$500** one-time, nonrefundable application fee.
- 11.a. Interconnection Study Fee and Administrative Requirements: If the Company determines that an interconnection study is necessary to ensure the safe and reliable interconnection of the Customer's RGS and the Company's system, a fee may be imposed for such study based on the Company's actual costs, not to exceed **\$3,000**. Should such a study be needed, the Customer shall pay a deposit of **\$3,000**. The final study fee will be based on actual study costs which will be invoiced to the Customer after the study is completed and delivered and will include a summary of professional time. If the deposit exceeds the invoiced fee, the Company shall refund any excess within 30 calendar days of the invoice without interest. If the Company determines that an interconnection study is necessary, the Company will execute this Agreement within 90 calendar days of a completed application. If no interconnection study is necessary, the Company will execute this Agreement within 30 calendar days of a completed application. The Customer, upon receipt of Company's executed Agreement, must execute the Agreement and return it to the Company within 30 calendar days prior to beginning parallel operations and one-year of Company's execution.

Continued to Sheet No. 8.1085

3. The Customer shall provide a copy of the manufacturer's installation, operation and maintenance instructions to the Company. If the NPO is leased to the Customer by a third party, or if operation or maintenance of the NPO is to be performed by a third party, the lease or performance agreements and any pertinent documents related to those agreements, shall be provided to the Company.
4. The Company shall not provide service under conditions requiring operation in parallel with generation equipment connected to the Customer's system if, in the opinion of the Company, such operation is hazardous or may interfere with its own operations or service to other customers or with service furnished by others.
5. The Customer shall have the completed NPO inspected and approved by the appropriate code authority having jurisdiction. The Customer shall provide proof of this inspection and approval to the Company. The Company shall also inspect and approve the NPO. All such inspections and approvals shall be completed before the NPO may be put into service
6. The Customer shall maintain general liability insurance for personal injury and property damage in the amount of not less than one million dollars (\$1,000,000). The Customer shall provide to the Company initial proof of insurance in the form of a certificate evidencing the Customer's insurance coverage in effect at the time of interconnection. The certificate shall list the NPO as a covered addition to the Customer's insured property. The Customer shall submit similar proof of continuing insurance coverage within 30 days of any policy renewal. As an alternative to the foregoing insurance requirement, the Customer may self-insure upon receiving the Company's prior written approval. The Company will provide the Customer with written notification of approval or disapproval of a self-insurance application within 30 business days after the Company's receipt of all documentation required to support the application. In the event that the Company approves Customer's request to self-insure, Customer shall provide proof of its continuing ability to self-insure to the Company on an annual basis, or more frequently if requested by the Company.
7. The Customer shall pay to the Company a one-time, nonrefundable charge of \$500 for processing this Agreement.
8. The Customer shall pay the Company a "Contribution in Aid to Construction" (CIAC) to design, procure, construct, and install any Company owned system upgrades necessary to accommodate the NPO.
