Subject: Request for Rate Increase by Utilities Inc. of Florida  
PSC Docket # 090462 - WS

Dear Ms. Argenziano *Nancy,*

Several residents from Summertree will be traveling to Tallahassee to attend the Public Service Commission hearing on Tuesday, August 3, 2010 to protest the rate increase requested by Utilities Inc. of Florida. I would appreciate if you could arrange to have this agenda item heard between 10:00 am and 11:00 am to accommodate these residents. Although I will not be able to attend this meeting in person, I am working with your staff to call in that morning to voice my objection to this egregious rate increase request.

Enclosed please find several more letters of protest from the Summertree residents. I would appreciate if you would add these documents to the docket on behalf of the consumers for this hearing.

Thanks in advance for your assistance. As always, let me know if I can ever do anything for you.

Yours truly,

*Mike*

**CONSUMER COMMENTS:**

I LIVED AT TIMBER OAKS FROM 1982 TO 2002. DURING THAT  
TIME MY WATER BILL WAS NEVER MORE THAN \$45.00 PER MO., FOR  
ABOUT 5,000 GAL USAGE.

ON MAY 27, 2010, I WAS BILLED \$95.77 FOR WATER USAGE OF  
3,900 GAL. AT SUMMERTREE. I KNOW THAT COSTS FOR EVERYTHING  
HAVE GONE UP, BUT NOW I'M ALREADY PAYING MORE THAN TWICE  
WHAT I PAID FOR WATER AT TIMBER OAKS IN 2002. NOW I AM  
BEING THREATENED WITH A THIRD TO HALF MORE INCREASE IN  
WATER RATES, EVEN THOUGH I HAVE DILIGENTLY TRIED TO  
CONSERVE ON USAGE. WHY SHOULD I BE PENALISED FOR MY EFFORTS?

### CONSUMER COMMENTS:

*For the past eight yrs I've watched the employees of this Co. (Utilities Inc) open fire hydrants to flush the water pipes out. This tells me that something is wrong. I would not drink nor cook with tap water, it can't be healthy. There have been no improvements yet they are trying to pass on to our community the largest increase of any - Summertree has between 1100 and 1300 residents, all over 55 yrs. How do you justify such a large rate increase?*

The increase requested by PSC comes at a time when most people feel Utilities are at a high enough rate, for service & quality of ser. received. The water in this community is far below drinking standards. I know of no one in Summertree who would drink this water. To pay 30% more for inferior water seems unjust. **CONSUMER COMMENTS:**

*Please let it be known we already pay  
much too high a rate for what Utilities Inc.  
of Florida calls water. It is unfit to  
drink, cook with or shower with.  
We do not need to have highest for  
water rates in area. Summertree "Cross Creek"*

I am appalled at so called  
INCREASE (RATE) for water increase usage.  
This is the highest of ALL THE COUNTIES  
involved. Why should the stockholders  
get a 7.5% when the average stock holder  
is lucky to get 1%. We on fixed incomes  
we don't even get COLA. When all of our  
Senators & Reps get a 8-11% increase.

I'm a widow on a limited income. Just increase, without sufficient time for community to react is taking unfair advantage of a senior community - Why the highest increase in 5 counties. Our H<sub>2</sub>O is extremely poor - cannot drink it must buy H<sub>2</sub>O. It spots our laundry and you want an unreasonable cost of innocent people who live on a very limited income. Further, I'm not sure I'm actually

I look at it as feeding your big pockets at the <sup>raise</sup> cost of innocent people <sub>in</sub> rate

**CONSUMER COMMENTS:**

I am alone in my needs. My water consumption is minimal. I am on a fixed income and literally cannot afford to pay a month's water bills. When I got my may bill it was \$57.01 for 1500 gallons. My daughter who has passed. Utilities use over 6,000 gallons and her bill was \$58. This is outrageous, you are hurting seniors. Please be fair - I also have to pay for bottled water because I cannot drink this water.

*We cant afford a rate increase, we live on a fixed income monthly we are living on less money. We have been hit <sup>hard</sup> on all sides of our income. We shouldnt be paying for other counties for someone else problems with their water problems, why do we need a increase in Summertree no changes have been made here the water is still not the greatest. no new wells or water purification system, no improvements. No increase for Utilities what are we going to get for this increase*

My wife and I moved in on 4-27-10, we could not believe  
the poor quality of water, when we received our first bill  
we were totally baffled. Not only did we have poor  
quality of water but payed too much for it.

Something needs to be done, and soon about the price we  
are paying for this sub-standard water.  
Please assist us, we need your help,

## CONSUMER COMMENTS:

Water is not for consumption  
It leaves rust spots on laundry &  
I buy drinking & cooking water  
our rate hike is the highest of 5  
other counties. Don't raise rates.  
The water gets more foul each year.  
It is a financial hardship to charge  
seniors, on fixed incomes, more than others.

**CONSUMER COMMENTS:**

We continue to be extremely concerned about the rapid increases. Utilities Inc is expecting us to pay. Especially now with our economy problems, job market, lack of income, raises with Social Security. These water/sewage increases will put a huge burden on us senior citizens here in Summertree, Pasco County. We are aware Summertree is being singled out - Why, Why, Why? Please listen & hear our emergency plea for NEPA! Where are our improvements? Signature: Virginia F. Stegall We've been waiting for years & years! Treatment plant?

How can you justify to raise our water rates when you have not improved the quality of our water and have not kept promises made. We are a community of about 1100 units and retired people living on fixed incomes and the rate proposed is outrageous. What improvements have you made that can make this increase valid. *I am protesting the Utilities Inc extreme rate increase. We did not get rate increase information until April 30, 2010. We have residents that have already left for the summer (Snowbirds) and it is unfair to send out this late notice so they cannot participate. Summertree is getting the highest rate increase of all 5 counties. There have been no improvements in Summertree in 35 years. Why the rate increase?*

We should not be paying for 5 counties.  
Summertree is being raised the highest amount  
and it isn't fair as we are all retired and  
living on Social Security and some pensions.

Dear Sir:

Re: Rate Increase by  
Utilities Inc. of Florida

I am a resident of Cross Creek of Summer Tree in New Port Richey, FL, and the water company, Utilities Inc. of FL. recently received an extraordinarily large increase for providing water and sewer service. This increase is totally unjust. In the past six years that I have lived in this part of Summer Tree, which was developed at that time, the lines have to be flushed to clean them due to improper design. This servicing is an indication of the quality of the water we are using. Our toilet bowls and tanks contain scum with this water that is claimed to be drinking water. Our water pipes are plastic, therefore lead in the water has to be from their source. In the past six years no improvement has been made. The releasing of water when they flush the lines into the environment is questionable just what affect it is having. The way corporations are working in our society, one wonders whether water contaminants listed by them is accurate.

This water that is provided requires filters, special cleaners and extra care for it's usage and is highly debatable whether it is fit to use in it's present form as drinking water

There is nothing in their cost structure that warrants such an increase. When you compare the increase with other utilities and compare the quality of water with it, a decrease should be put in force. The thousands and thousands of gallons of water to flush the lines, because of an inept design inflates their maintenance on the lines, was probably done to save construction cost. In a tight economy such an increase is not warranted, especially when the County is receiving the sewerage the they pass on to them that is not increasing Utility Inc's cost. I question how the unmetered water that is released, whether it is charged to the consumer or the sewerage for accounting purposes. I think more qualified experts should access the facts and determine which future action should be taken.

I cannot believe Utilities Inc. could have the gall to ask for such a huge raise on a community of all senior citizens in this depressed economy. We are already paying the highest rate of any company in the area. I have water that smells orange stained in the toilet black junk in the toilet tanks + the drains. I buy my drinking water because I'm afraid to drink it. This company does not deserve a raise. Please remember you are the Public Service Comm.

The water smells, + we have black junk in the sink drains + toilet tanks. As a senior citizen that did not get a raise in social security (I don't know when I will) I'm asking the Public Service Commission please do not approve a raise for this company. ### CONSUMER COMMENTS:

I protest, herewith, the proposed increase in water and sewer rates by Utilities of FL for the following reasons: The water here has always been undrinkable and smells, sometimes of minerals, more often of sulphur. This is very hard causing discoloration deposits on kitchen & bathroom fixtures. Rates are already exorbitant and since there has been no improvement (hence no benefit to the customer) there is no justification for a rate increase; and how does it follow that because of their wish to raise water rates that sewer rates (already out of line) should be doubled! The request by Utilities, Inc. is unwarranted and should be refused by the Commission.

- ① we should have Pasco County Utili. in the first place
  - ② you cost too much now! And then try to make us pay for the under <sup>ground</sup> pipes. IF they break
  - ③ The amount of water you run off the hydrants is a sin, you could either put it in to a holding tank for our yards or run it into the ponds with a large fire hose's. This to is where your cost is coming from your water is bad and smells!
- ! NO RATE INCREASE!**

THE WATER THAT THEY WANT TO SELL US AND FILL THEIR POKETS WITH OUR MONEY IS NO BETTER THAN TOILET WATER RUN THROUGH A FILTER. IF ITS GOOD ENOUGH FOR OUR FAMILIES IT SHOULD BE GOOD ENOUGH FOR THEIRS. LET THEM AND THEIR FAMILIES USE IT FOR SIX MONTHS AND IF THEIR FAMILIES ARE STILL IN GOOD HEALTH, THEN CONSIDER INCREASING THE RATE. NOT BEFORE. THE WATER SMELLS LIKE IT CAME FROM A SEWER, ITS NOT JUST CLEAN WATER, ITS NOT FIT FOR COOKING OR DRINKING AND WHO KNOWS WHAT THE LONG TERM EFFECT ON OUR HEALTH WILL BE.

Re: Utilities Inc. These people are crazy! I live alone, do not water my grass and have a water bill for 45.68 for May; jumped to 61.89 for June; and jumped to 73.70 for July. Also, water usage went from 1,316 to 2,110. I am not so sure about the water usage and am now reading my meter daily. Please help me - I cannot afford these prices. What can we do? We need the water. **CONSUMER COMMENTS:**

*Most of our community is retired and living on fixed incomes. Adding extra fees to our already too-high water bills is putting a strain on our over-stretched incomes. Raising water fees and ~~and~~ outrageously over-charged sewer fees - is bad enough.*

**CONSUMER COMMENTS:**

*I can't believe Utilities Inc. is looking for an increase of this size. Companies do this when they plan to spend a large amount of money for a major project, and want the customers to pay in advance. The quality of your product has gone hill of laka, silt water, the soils, the bathroom fixtures, more iron, and less water pressure. You ~~sure~~ sure, not worth this size increase of 65%. Water is still water, and doesn't cost any more than in the past; only increases to build up the bottom line.*

**CONSUMER COMMENTS:**

A rate increase for Utilities Inc. should be out of the question! Their service is below par - our toilets all have yellow stains - a fairly recent happening. Also, many are afraid to drink from the tap. In today's economy, many of our seniors here (mostly widows) are on a set budget and such a large and unwarranted increase would be more than they can afford or pay. The company has done nothing to deserve an increase!

Our water is not drinkable water, it smells, its  
not clear color. We have all kinds of filters  
so we could drink the water. we received a  
raise that is unbelievable, we can't afford a  
bill like that, we don't know what  
to do. Most of all the people here are 55

in S.S. Pension, and I cannot believe  
they can get away with like this kind  
of raise. Please do something to help us

Please tell me how you can justify this and what you have done to improve the quality of our water in Summertree

**CONSUMER COMMENTS:**

I am really upset over Utilities of Fl.'s request to raise rates for water & sewer. Several years ago they promised improvements (new plant), surveyed & then abruptly left the area and did nothing. The water is disgusting - smelly, hard and leaves a sediment on everything. Melted ice cubes leave a white powder in the glass <sup>water used</sup> after being thru a refrigerator filter. Also - it is not fair to charge Summertree more than other <sup>developments</sup> ~~communities~~ to subsidize other PSC - refuse (L) of Fl. this unwarranted increase.

**CONSUMER COMMENTS:**

*As a widow on a fixed income, the rate increase requested is inconceivable and way beyond reasonable. For many of us, such a huge increase means cutting down in other ways such as food, medicine, and other essentials, totally unwarranted and unacceptable. Common sense seems to escape the instigators of such an almost fanatical proposal.*

This is a Retirement Community, and a water rate increase of this amount is uncalled for. We've been told from local meetings that we are the only one's in Pasco County having a huge rate increase. Why do we have to help pay for other people's water? We've tried for years to get better quality water & nothing has ever happened, our water stinks Community out of the faucet, & now we pay 75% more for crap.

As I've said before, we are very unhappy with the quality of our water. We are having a water purifying system installed in our home because of the poor quality of the water. This is very costly. But, our health is more important. There is no reason for an increase, when we have poor quality of water.

**CONSUMER COMMENTS:**

It's unfair to charge a higher rate on one  
area than another within the same state!  
Utilities, Inc. has singled out one of the most  
depressed developments (because of sink holes  
property values have plunged 60%) in Pasco County.  
This is a condo development of senior citizens most  
of whom are on low fixed incomes. Does the  
PSC serve Florida residents or special interests?

CONSUMER COMMENTS: SUMMERTREE

How can you justify a 70% increase  
in our water rates? Most of us live on a fixed income  
& are already conserving water as much as possible.  
Have you checked the companies compensation expenses?  
Is the CEO making hundreds of thousands of dollars per yr  
while most of us live on \$1,000<sup>00</sup> a month? Why not give  
the same rate increase across the board? Why this  
injustice on a life sustaining necessity?

*I am protesting the Utilities Inc. extreme rate increase*  
CONSUMER COMMENTS:

*I need the Public Service Commission's help to fight this injustice. I did not get rate increase information until April 30 2010. The information was difficult to understand. Interim rates went into effect on May 10, 2010. Public hearing was scheduled for May 26, 2010 which did not give me or the community time to react. Many people are gone for the summer months and the community thought that the rates were already decided & that their input would not change anything.*

To: Public Service Commissioner

**CONSUMER COMMENTS:**

I am writing to appeal to you for help regarding the proposed increase of rate from Utilities, Inc. We here at Summertree protest this increase. We have been hit with the highest rate increase in 5 Counties, and our water is of poor quality. We must resort to bottled water at much cost to us. We feel the water is unsafe. The company has admitted to needing improvement but has not improved it in any way & now an increase of this amount & supposedly more to come, is unbearable. We cannot afford the increases. Most of us are living on a tight budget & with rising prices in everything including food, we are wondering if we will survive these economic times, and many of us, including myself, are considering moving from Summertree, due to such increases, & because not only will the water cost go up, but as a result, so will our assessment fees go up accordingly, since our lawn watering, which is metered, will create a larger assessment, etc., etc. - when will all this stop. We are exhausted, but can't sleep, due to worries about our future, will we have to move - can we afford to stay - at this, rate maybe not.

Signature: Rita Callis

It is unfair to the elderly to be subjected to such rising costs in our social Florida Public Service Commission Division of the Commission Clerk 2540 Shumard Oak Boulevard Tallahassee, FL 32399-0850 without any increases security, etc.

Please help us fight this injustice & curb this rate increase from Utilities Inc. Rita Callis

To THE PUBLIC SERVICE COMMISSIONER,

**CONSUMER COMMENTS:**

This is a letter of protest to the increased rate from Utilities, Inc.  
to the people here at Summertree, which especially had the highest rate  
increase of 5 counties. We have been advised & understand that this  
money is not for our benefit but that of the stockholders of Utilities Inc.  
Nothing is mentioned of improvement of water quality or services  
even though they promised us better quality in many of their reports.  
I am alone, use water very sparingly yet pay almost equal to friends  
living in New Port Richey further south with a family of 5 and one of 6.  
Utilities Inc. was bad enough before & now ridiculous, & going higher??  
They hit us with this increase unexpectedly & didn't give us time to react. Next thing we saw was the  
increase  
The information was hard to understand and arrived  
about 10 days prior to the hearing - Not enough notice!  
We need your help to not allow Utilities, Inc. this increase.  
We are basically retired, mostly living on Social Security  
with no increases in site, and on low fixed rate incomes.  
So we implore you to assist us with this unjust matter.

Thank you for your help.

**CONSUMER COMMENTS:**

This is a formal protest to the Utilities Inc. increase in  
WATER RATE FOR Summertree Residents that went into effect  
MAY 10, 2010 without proper NOTIFICATION & INFORMATION TO ALLOW  
THE RESIDENTS TO REACT & RESPOND - THIS INCREASE & COMING  
INCREASES ARE TOTALLY UNJUST ESPECIALLY IN THE TRYING TIMES  
OF THIS RECESSION. WE ARE HAVING TREMENDOUS PROBLEMS WITH  
HEALTH ISSUES, RISING COSTS IN EVERYTHING INCLUDING FOOD PRICES.  
WE ARE LIVING WITHIN A BUDGET WITHOUT S.S. INCREASES OR ANY  
HELP FOR ELDERLY RESIDENTS JUST SURVIVING EVERY DAY EXPENSES.  
WE HAVE BEEN CUTTING DOWN, CONSERVING  
ELECTRIC, WATER, DOING EVERYTHING

Signature: \_\_\_\_\_

JACK UP OUR BILL NOW TO AN UNJUST UNFAIR EXTREME AMOUNT.  
IT HAS RISEN \$30.00 MORE PER MONTH & IS EXPECTED TO GO  
UP AGAIN AN APPROXIMATE, SIMILAR AMOUNT, WE'RE NOT SURE OF.

THIS IS NOT AFFORDABLE & IS CREATING A SEVERE FINANCIAL  
HARDSHIP TO US ALL. THE WORD IS OUT THAT MANY  
RESIDENTS ARE THINKING SERIOUSLY ABOUT MOVING OUT OF  
SUMMERTREE, WHERE THEY HAVE LIVED HAPPILY FOR YEARS.  
THIS IS SAD, AND IT'S ALL BECAUSE OF A GREEDY, UNCARING,  
RICH COMPANY, UTILITIES, INC. - I WOULD HOPE THAT WE

## CONSUMER COMMENTS:

I object to and protest this total & extreme increase in our water rates. We received the notice late in April & the new bill directly after with no time to evaluate the situation & react. I object further to the fact that Summertree got the highest rate increase of all the counties and yet we will not benefit one bit from this.

Utilities Inc. has admitted in writing that our water was not up to standards & they have never improved on this, resulting in our having to purchase bottled water - totally unfair. We are on limited incomes. We need the Public Service Commission's help to stop this increase and investigate the possibility of City Water, which is certainly healthier because it tastes much better and you can cook with it and are able to feel safe. I know from past experience. OUR WATER IS POOR!!!

Signature: Rita Callie

.....  
Additionally, by comparison, I am a widow living alone. I use my water sparingly, do not use my dishwasher, wash clothes once a week or less, yet paid 74<sup>00</sup> my last bill after the first increase (previously it was 45<sup>00</sup>)

My friends living in New Port Richey a little further south have a family of 3 adults & 2 children. They paid an average of 65<sup>00</sup> a month. They do not have Utilities, Inc. but rather New Port Richey City Water.

**CONSUMER COMMENTS**

We here at Summertree are protesting Utilities Inc.'s utilities increase. It is unfair, the highest rate in all of 5 counties. It came to us quickly & practically without warning. We are all together in objecting to this. We feel that we have been singled out among the counties to the brunt, and are asking WHY!

Utilities Inc. was supposed to improve on the quality of the water but never did, so what are we paying for, and now an increase?

What's wrong with this picture. A lot of us retirees are barely getting by with no extra money or increase in Social Sec. etc.

In talking with others here, we fear this water is <sup>not</sup> even good for our health. Most of us are now on bottled water for drinking & even cooking. This is ridiculous - and pay more for it?

We still have time to stop the increase, with your help.

Rita Callies

**CONSUMER COMMENTS:**

I am writing to protest the increase demand from Utilities Inc.  
I'm a widow, (alone), using bottled water because of fear of the  
quality of the water. I do not use my dishwasher and wash  
clothes only once a week or less. I use my water sparingly.  
My water bill was normally "\$5" or less, then with increase went  
to "\$74", which was shocking (1 person). I understand it will increase  
again to even more. What disgusts me is that I have friends in  
New Port Richey, a little further south. They have 3 adults, a 10 yr old &  
an 8 month old. Their average bills are "\$65" with all these people.  
They do not have Utilities Inc. and Signature: \_\_\_\_\_  
do use dishwasher & do laundry often and their water is very  
good for drinking, etc, I know. - My water is BAD tasting, etc.  
.....  
We were paying too much to begin with and now increases.  
This is very unfair to pay a high price for total low quality  
water and then increase it even greater. Then, the very  
last straw is that I understand our increases will  
be going to the stockholders of Utilities, Inc. for their  
needs instead of ours. They promised better quality  
water but never fulfilled their promises. Now we are  
struggling for the stockholders benefit. This is totally  
unfair to the people of Summertree.

Incidentally, I understand that we (Summertree) are  
getting the highest rate increase of all 5 counties.

Thank You. Please HELP stop this increase Rita Callies

**CONSUMER COMMENTS:** *TO THE PUBLIC SERVICE COMMISSION*

*We need help. We have had an unfair, and without proper notice, increase in our water rate allowing the Utilities Inc. Co. to severely hike our bills to the highest in all 5 counties. This is totally unacceptable and we want to know why. Our quality is poor and maybe the poorest in all the counties as well. This should be investigated as well. Let's see if they can stand up to Health Dept. standards. Indeed they have opened a can of worms and people are furious. We are retired, living on limited funds and now tightening up on any excess spending. Our Social Security does not go up but a necessity like water does. We can't even drink the water because we're afraid to. We are drinking bottled water and using it for cooking.*

MOST EVERYONE WERE RETIRED, ON FIXED INCOMES, AND STRUGGLING TO JUST LIVE WITHOUT WORRIES OR FEARS ABOUT THE FUTURE. OUR S.S INCOME HAS NOT GONE UP. WE HAVE HAD NO INCREASES IN INCOME, YET NOW THIS TERRIBLE INCREASE IN A FUNDAMENTAL NECESSITY, WHICH INCIDENTALLY IS WATER OF POOR QUALITY. THEY KNOW THIS, YET HAVE NOT IMPROVED A BIT ON THE QUALITY OF IT. THIS SHOULD BE INVESTIGATED BY THE HEALTH DEPT. WHY SHOULD WE BE FORCED TO SPEND EXTRA, WITH LITTLE FUNDS, FOR BOTTLED WATER.

**CONSUMER COMMENTS:**

I am protesting the Utilities, Inc extreme rate increase.  
Notice of the increase & information regarding this was given to us  
the end of April, the 30th and was not clear - very difficult to  
understand. The increase was effective MAY 10th, so was already  
into effect before a scheduled hearing May 26, 2010. We had no  
time at all to react at that time. Now, all the facts are clear  
to us and we are fighting this injustice. This will create a  
terrible financial hardship to all of us seniors, most of which  
are living on only social security. This is the way the rich  
Utilities Inc. stockholders are treating the senior citizens of  
Summertree, which incidentally got the highest rate increase  
in 5 counties. This is an unacceptable increase with no  
improvements of water quality or service. In fact most  
all of us, if not all, are using bottled water for  
drinking as well as cooking. This is a fact. - We  
should have the highest quality water for what we  
pay for it - Utilities, Inc. is very much aware  
of this but do not care. They just continue collecting  
We appeal for help to stop this increase

I protest the proposed increase in rates - Where are  
the changes/improvements - promised by Utilities, Inc.  
3 or more years ago - Nothing has been done. PSC - do not  
grant this undeserved increase to them, you are our only  
recourse.

THIS HUGE RATE INCREASE GIVEN TO A 55 PLUS  
NEIGHBORHOOD IN THIS ECONOMY IS A GRAVE  
INJUSTICE, WE NEED THE HELP OF THE  
PUBLIC SERVICE COMMISSION.

**CONSUMER COMMENTS**

I protest Utilities, Inc. intentions to raise water & sewer rates. The quality of water is very bad & promised improvements were never made. I also understand our rates are higher than others as they wish to subsidize customers in other counties - I resent helping to pay for someone else's water. You are our only recourse PSC - please do not allow this unjust raise for us - retirees.

## CONSUMER COMMENTS:

IT IS IMPERATIVE THAT THE PUBLIC SERVICES COMMISSION  
DENIES THE INTERIM RATE INCREASE AND ALSO THE PROPOSED  
RATE INCREASE. ANY INCREASE SHOULD BE DENIED SINCE  
THE SERVICE PROVIDED IS BELOW STANDARDS. SUMMERTREE  
RESIDENTS HAVE THE WORST WATER IN THE UNITED STATES.
