

VOTE SHEET

August 17, 2010

Docket No. 100186-EG – Petition for approval of natural gas residential energy conservation programs, by Associated Gas Distributors of Florida. (Deferred from the August 3, 2010 Commission Conference)

Issue 1: Should the Commission approve changes to cash allowances offered by the AGDF member companies' residential gas conservation programs?

Recommendation: Yes, in part. The existing programs remain cost-effective with the proposed incentive changes, may increase participation, and will not create an undue impact on residential rates. However, the addition of the Gas Service Reactivation allowance should not be approved because it is a marketing, rather than a conservation measure.
