Are these instructions for both documents, 03365-10 and 04092-10? Or do we want to declassify and forward to GCL DN 04092-10 and return DN 03365-10 to the source, since the company has confirmed that 03365-10 is a duplicate of DN 04092-10.

Kim - Upon further discussion with Erik, we have decided that the more prudent thing to do regarding this document is to forward the declassified document to legal. We will place the document with the rest of the discovery here in our files. Please let me know if you have any further questions. Thanks.

DOCUMENT # 090451-EM  
07853 SEP 20 09  
FPSC-COMMISSION OF PUBLIC SERVICE

**Subject:** FW: Withdrawal of request for confidentiality in Docket 090451-EM for the "Haddad Memos" - see email

Hi - the docs below in question were the confidential "Haddad Memos"; these memos were a subject of contention in the hearing and not admitted into the record. The utility filed two versions of the redacted confidential Haddad Memos, and ultimately withdrew its request for confidential classification for these memos.

Thus, after declassifying the memos, the clerk's office wants to know what to do with them:

- 1) placed in docket file;
- 2) forwarded to GCL

or 3) return to the utility b/c staff no longer needs them?

Please advise.

Erik

Per Document No. 07203-10, I am to change the status of DNs 03365-10 and 04090-10. Please provide instructions if these documents are to be declassified and forwarded to the docket file OR declassified and forwarded to GCL.

DN 03365-10 is the same as DN 04092-10. It was filed with the NOI. DN 04092-10 was filed with the request. I will await for your instructions. Thank you.

Kim,  
Handling this is on my "to do" list.  
If the declassified document is the "Haddad Memos" then I'm inclined to return the declassified document to the source because 1) it is not part of the hearing record; and 2) there is no need to retain it. However, I would need to double check to make sure its the correct document.

As for DN 03365-10, I'll have to review it at a later time because I'm not currently familiar with it.

Thanks for following up.

Shevie and Erik, on May 28/2010, we received a notice of withdrawal of request for confidential classification for DN 04092-10. Please provide instruction for handling of declassification of DN 04092-10. Is this document to be declassified and placed in the docket file or forwarded to GCL? Also, DN 03365-10 (with NOI) is the x-ref of DN 04092-10. Are we to return DN 03365-10 to the source?

Thank you for your help in this matter.
