Hi Lisa,

You are probably aware that FPL has sent in 3-4 "extension requests" lately on confidentiality things that are nearly expiring. As a rule of thumb, I have no issue with granting a party's wishes, but a few of these are documents that were already on our list of "we don't want these anymore - please return them to their source."

I believe this one in particular - document no 10865-08 - can be returned (rather than extended). I looked at it and it is a NRC document. Pete & are of the opinion that if it is Hedging related, we'll keep it. If it's anything else from the "08" docket, we would like to send it back.

Kim (CLK's office) needs an "OK" from you to make a move on this. Thanks.
