DISTRIBUTION: _____

Hi Marguerite,

The personal information on CFAT can be redacted.

Thanks and have a great day!

Ana

Ana Ortega, Staff Assistant

Subject: FW: CFAT H2O, Inc. and Tradewinds Utilities, Inc. filings

This e-mail also serves as confirmation that only 3 copies of "engineering" information were filed with the Clerk's Office in Dockets 100126 and 100127. Per our earlier conversation, CLK will keep one copy of each for the docket files; one copy of each will be provided to ECR/Fletcher (in the back cover of the notebooks); the last copy for Docket 100126 will be forwarded to ECR/Simpson; and the last copy for Docket 100127 will be forwarded to GCL/Jaeger (also in the back cover of the notebook).

Thanks again for your help!

Dorothy

Dorothy,

Per our recent conversation, I would like to confirm my instructions for filing the MFR deficiency responses for Docket No. 100126-WU and Docket No. 100127-WS. Please include the engineering reports, that were separate from the 'revised' applications, behind the response when it is filed. The order that we discussed previously would be the correct order:

CFAT:

11/23/2010

DOCUMENT NUMBER-DATE

09578 NOV 23 2

FPSC-COMMISSION CLERK

*water distribution map
chemical analysis
sanitary survey from DEP*

*Tradewinds:
chemical analysis
operating reports from DEP*

Thank you so much for your assistance.
