RE: Docket No. 080668 - Fairmount Utilities, the 2nd Inc. - Application for staff-assisted rate case in Highlands County

By Order No. PSC-09-0628-PAA-SU, issued September 17, 2009, it was ordered that this docket could be closed administratively once the Utility has completed all pro forma additions, provided proof Commission ordered adjustments have been made, and the tariff and notice actions are complete.

With the exception of one item, the Utility has provided sufficient verification that the pro forma additions including the software are complete. The Utility did not complete the repairs in the road because Highlands County is repairing the roads. However, the Utility has spent more money for renovating, repairing and upgrading its lift station than was initially expected.

Based on the above, the Utility has provided proof that the Commission ordered adjustments have been made. The tariff sheets and customer notice have been filed and approved by staff. Therefore, this docket may be closed.
