FPSC COMMISSION CLERK

PETITION - Reference: Docket #100330

Attn: Florida Public Service Commission

As a resident of Zephyrshores/American Condo in Zephyrhills, FL
I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Zephyr Shores system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the state of Florida.
3. Investigate the rates of Aqua Water for possible over earnings.
4. Deny their ability to expand to other systems in the State of Florida.

Attn: Florida Public Service Commission

As a resident of Zephyrshores/American Condo in Zephyrhills, FL
I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

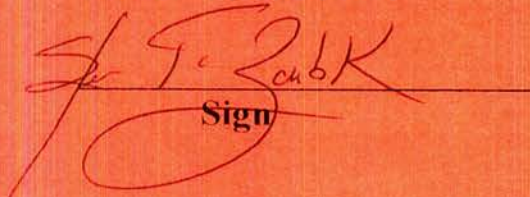

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Zephyr Shores system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the state of Florida.
3. Investigate the rates of Aqua Water for possible over earnings.
4. Deny their ability to expand to other systems in the State of Florida.

Comments: I am a widow and I live on my
Social Security Check and cannot continue
these high water bills. I hate to think
that some day I may have to leave Florida

Attn: Florida Public Service Commission

As a resident of Zephyrshores/American Condo in Zephyrhills, FL

I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Zephyr Shores system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

- 1. Does not grant them any more increases on rates.**
- 2. Investigate past and present operations in the state of Florida.**
- 3. Investigate the rates of Aqua Water for possible over earnings.**
- 4. Deny their ability to expand to other systems in the State of Florida.**

Attn: Florida Public Service Commission

**As a resident of Zephyrshores/American Condo in Zephyrhills, FL
I feel that Aqua Utilities Florida is not a trust worthy company based on their
poor Quality of Service, including quality of water, customer service and the
affordability.**

**Aqua's business model is not sustainable, and it would be in the best interest of
all parties if they would divest themselves of the Zephyr Shores system, and
negotiate a sale to Pasco County.**

I request that the Public Service Commission:

- 1. Does not grant them any more increases on rates.**
- 2. Investigate past and present operations in the state of Florida.**
- 3. Investigate the rates of Aqua Water for possible over earnings.**
- 4. Deny their ability to expand to other systems in the State of Florida.**

Comments: we pay too much For bad water!

Comments: ~~It~~ It absolutely appalls me that as
a part time resident for the winter, that this Company (Aqua Water)
Wants to increase the rates again. My biggest Complaint is that
when I go back home up north that Aqua is still charging us
for water I'm not using. That's 8 months of not using their
services. Please look at what this Company is doing to us!
It's outrageous! So for Aqua, when not in Florida is charging \$51.15 a month

PETITION – REFERENCE DOCKET #100330

Attn: Florida Public Service Commission

As a resident of Zephyrshores/American Condo in Zephyrhills, FL
I feel that Aqua Utilities Florida is not a trust worthy company based on their poor
Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all
parties if they would divest themselves of the Zephyr Shores system, and negotiate a
sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the State of Florida.
3. Investigate the rates of Aqua Water for possible over earnings.
4. Deny their ability to expand to other systems in the State of Florida.

Comments: This water is NOT drinkable. BASE charges
ARE TOO HIGH. PASCO COUNTY IS UNDER 20⁰⁰ BASE NOT 51¹⁵.
YOU PAY FOR 12 MONTHS WHEN I'M ONLY HERE FOR 3 MONTHS.

Comments: _____

~~Florida has laws against taking advantage of the elderly, it is time the Florida Public
Service Commission started enforcing these laws against Aqua Utilities who is taking
advantage of the elderly by charging them exorbitant water rates. Most of the home
owners in Zephyr Shores are living on a fixed income from Social Security and cannot
afford the extremely high rates charged by Aqua Utilities. Aqua Utilities Florida should be
forced by the Florida Public Service Commission to relinquish their interest in providing
water to Zephyr Shores.~~
