Pursuant to Order No. PSC-11-0293-FOF-EU, issued July 6, 2011, in Docket No. 110018-EU, the Commission approved a joint petition for modification to determination of need for expansion of an existing renewable energy electrical power plant in Palm Beach County by the Solid Waste Authority (SWA) of Palm Beach County and Florida Power & Light Company (FPL). The Commission's approval was conditioned in part, upon the parties filing an amended contract with the Commission reflecting that: 1) the SWA and FPL agreed to exercise the option to extend the contract an additional 26 months; and 2) the parties specify in the contract that the committed capacity be between 70-80 MW. On August 8, 2011, the parties provided redline and clean versions of the amended contract to the Commission. Staff reviewed the documents and has concluded that the information provided by the companies is consistent with the requirements of Order No. PSC-11-0293-FOF-EU. Therefore, staff requests that Docket No. 110018-EU be administratively closed. If you have any additional questions, please call Shevie Brown at (850) 413-6638.
