BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Application for increase in water/wastewater Rates in Alachua, Brevard, DeSoto, Hardee, Highlands, Lake, Lee Marion, Orange, Palm Beach, Pasco, Polk, Putnam, Seminole, Sumter, Volusia, and Washington Counties by Aqua Utilities Florida, Inc.

DOCKET NO. 100330-WS

Filed: December 12, 2011

**NOTICE OF FILING ADDITIONAL HOMEFACTS
WEB PAGES TO BE ADDED TO EXHIBIT NO. 332**

Intervener, Yes Companies, LLC d/b/a Arredondo Farms ("Yes"), by and through its undersigned counsel, and while maintaining its objection to any Homefacts web pages being introduced into evidence,¹ files pursuant to the Commissions' Ore Tenus Order of Wednesday, December 7, 2011 the attached additional web pages from the "Homefacts" web page to be added to Exhibit No. 332:

1) "Homefacts" web page on "Chemicals Tested and Found" Section in color demonstrating that "Total haloacetic acids (HAAs)" with the "Potential Health Effects" being "cancer" were found above health guidelines.²

WHEREFORE, Intervener, Yes Companies LLC, d/b/a Arredondo Farms, respectfully requests that this Commission take into consideration this additional web page from "Homefacts" web page and any further relief the Commission deems just and necessary.

¹ Yes, at the Technical Hearing in this matter made consistent and contemporaneous objections to the introduction of any web pages by Aqua Utilities Florida, Inc. ("Aqua") from "Homefacts" based upon various objections which Yes hereby reasserts. Yes' objections were overruled, but the Commission granted Yes the ability to introduce other web pages from the "Homefacts" web page without waiving Yes' initial objection to the introduction of any such web pages.

² This copy of the web page is the same copy introduced into evidence by Aqua, but Aqua's copy was in black and white and, therefore, it was not possible to determine if any of the three chemicals tested and found exceeded health guidelines since the chemicals that exceeded health guidelines were highlighted in red. The attached color copy now highlights the chemicals that exceeded health guidelines.

Respectfully submitted,

ADAMS AND REESE, LLP
Kenneth M. Curtin, Esquire
