RE: Docket No.: 090430-TP Inre: Amended Petition for Verified Emergency Injunctive Relief and Request to Restrict or Prohibit AT&T from Implementing OSS-related Releases, by Saturn Telecommunication Services, Inc.

Dear Ms. Cole:

On June 2, 2011, DeltaCom, Inc. ("DeltaCom") filed a statement supporting Saturn Telecommunication Services, Inc.'s ("STS") position in the above-referenced docket that it is essential for AT&T to update and maintain the Required/Conditional/Optional ("R/C/O") Tables and the associated ordering instructions provided per product in section 3, *Ordering*, of the *AT&T Local Ordering Handbook* ("LOH"). DeltaCom reaffirms the statements contained in its June 2, 2011 filing and confirms that it totally and completely supports STS's position in the docket. The need for AT&T to update and maintain the RCO tables is vital, not only for DeltaCom and STS, but also for the entire CLEC community to ensure fair and healthy competition in the telecommunications industry in Florida. DeltaCom intends to appear at any agenda conference or hearing before the Commission to voice its support of the position stated herein and in its filing of June 2, 2011.

Respectfully submitted

Steven H. Brownworth
Vice-President, Network Planning
Deltacom, Inc.
