Subsection 366.093(1), Florida Statutes, provides that any records "found by the Commission to be propriety confidential business information shall be kept confidential and shall be exempt from s. 119.07(1), Florida Statutes [requiring disclosure under the Public Records Act]." of the public utility or its affiliates to contract for goods or services on favorable terms.” Subsection 366.093(3)(d), Florida Statutes. Proprietary confidential business information also includes “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Section 366.093(3)(e), Florida Statutes. The Confidential Information that is the subject of this request and motion falls within the statutory categories and, thus, constitutes propriety confidential business information entitled to protection under Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code.

2. Attached hereto as Exhibit "A" is a justification for confidential treatment of the Confidential Information contained in the Document(s).

3. Attached hereto as Exhibit "B" are two public versions of the Document(s) with the Confidential Information redacted, unless previously filed as indicated.

4. The Confidential Information contained in the Document(s) is intended to be and is treated by Tampa Electric as private and has not been publicly disclosed.

5. For the same reasons set forth herein in support of its request for confidential classification, Tampa Electric also moves the Commission for entry of a temporary protective order pursuant to Rule 25-22.006(6)(c), Florida Administrative Code, protecting the Confidential Information from public disclosure.

Requested Duration of Confidential Classification

6. Tampa Electric requests that the Confidential Information be treated by the Commission as confidential proprietary business information for at least the 18 month period prescribed in Rule 25-22.006(9)(a), Florida Administrative Code. If, and to the extent that the company is in need of confidential classification of the Confidential Information beyond the 18

month period set forth in the Commission rule, the justification and grounds for such extended confidential treatment are set forth in Exhibit "C" to this request and motion.

WHEREFORE, Tampa Electric Company respectfully requests that the Confidential Information that is the subject of this request and motion be accorded confidential classification for the reasons set forth herein and for a minimum period of 18 months, subject to any request for a longer period of confidential classification as may be set forth in Exhibit "C" to this request and motion. The company further moves for the entry of a temporary protective order pursuant to Rule 25-22.006(6)(c), Florida Administrative Code, protecting the Confidential Information from public disclosure.

**JUSTIFICATION FOR CONFIDENTIAL TREATMENT OF
THE CONFIDENTIAL INFORMATION**

<u>Bates Page Nos.</u>	<u>Description</u>	<u>Rationale</u>
4, 5, 12, 16, 18	All highlighted information with the exception of the highlighted amounts in the answer to 5.c. on Bates stamp page 16	(1)
16	The highlighted amounts in the answer to 5.c. on Bates stamp page 16	(2)

- (1) The information in question if made public would disclose terms and conditions of the Agreement between Tampa Electric and National Gypsum. The Agreement between Tampa Electric and National Gypsum is entitled to confidential protection given the proprietary competitive nature of this negotiated business arrangement. Disclosing the individual terms and conditions of this Agreement would harm Tampa Electric in its future negotiations with other potential gypsum purchasers. It would be used by those potential purchasers as a minimum demand with respect to terms and conditions in the National Gypsum Agreement that the other potential purchasers consider favorable to their position. Armed with this information the potential purchasers would drive a harder bargain than they might otherwise agree to if they did not know the terms and conditions of the National Gypsum Agreement.

Disclosure of these terms and conditions would also provide other producers of gypsum by-product information with which to attempt to negotiate an agreement with National Gypsum that is more favorable to National Gypsum than its current Agreement with Tampa Electric, thus threatening Tampa Electric's ability to continue placing gypsum by-product with its principal purchaser. This could exacerbate Tampa Electric's gypsum placement challenges.

Under Section 366.093, Florida Statutes, proprietary confidential business information is entitled to confidential treatment and to be exempt from the public records law. Proprietary confidential business information is defined in the statute to include, among other things, to include:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Given the sensitive competitively negotiated nature of the Tampa Electric/National Gypsum Agreement, it is precisely the type of information Section 366.093, Florida Statutes, is designed to protect from public disclosure.

The Commission recognized the sensitive nature of the confidential information in granting Tampa Electric Company's Request for Confidential Classification and Motion for Temporary Protective Order of the January 1, 2000 Gypsum Slurry Supply and Processing Agreement between Tampa Electric and National Gypsum. (Order No. PSC-12-0419-CFO-EI issued August 14, 2012 in Docket No. 110262-EI).

- (2) These amounts reveal what Tampa Electric may be willing to pay for trucking gypsum. Trucking services are procured on an RFP basis. Disclosure of these amounts could place Tampa Electric at a negotiating disadvantage in the RFP process for trucking services and, thus, is competitive contractual information of the type which is entitled to confidential protection under Section 366.093, Florida Statutes.

PUBLIC VERSION(S) OF THE DOCUMENT(S)

Attached hereto (unless previously filed as may be noted below) are two public versions of the Document(s) with the Confidential Information redacted.

Public Version(s) of the Document(s) attached _____

Public Version(s) of the Document(s) previously filed on _____

Redacted versions are being filed this date in response to Staff's Sixth Data Request.

REQUESTED DURATION OF CONFIDENTIAL CLASSIFICATION

Tampa Electric requests that the Confidential Information that is the subject of this request be treated as proprietary confidential business information exempt from the Public Records Law for a minimum of 18 months from the date of the order granting such classification. To the extent the company needs confidential protection of the Confidential Information for a period longer than 18 months, the company's justification therefor is set forth below:

The Confidential Information described in Rationale (1) of this request needs to be protected for at least two years beyond the end of the term of the Agreement. The Agreement culminates in 2020 with two five-year potential extensions, which would mean the Agreement needs to be protected from public disclosure potentially through 2032. Tampa Electric requests that it be treated confidentially for that period of time. Alternatively, to avoid future requests for renewal of confidential treatment, Tampa Electric requests that the Confidential Information be returned to the undersigned upon closure of this docket.
