COMMISSION  
CLERK

Ms. Ann Cole  
Director, Division of the Commission Clerk  
Florida Public Service Commission  
2540 Shumard Oak Boulevard  
Tallahassee, FL 32399-0850

Re: Investigation into the establishment of operations support systems permanent performance measures for incumbent local exchange Telecommunication Companies (**BellSouth Track Docket 000121a**)

Dear Ms. Cole:

Pursuant to Section 4.5.2 of AT&T Florida's Self Effectuating Enforcement Mechanisms Administration Plan ("Plan"), AT&T Florida hereby invokes a state wide Force Majeure Event effective August 26, 2012 through September 4, 2012 due to storm damage caused by Hurricane Isaac. The wire centers are shown on the attached list. This Force Majeure event affected all measures associated with Provisioning, Maintenance and Repair and Truck Group Performance.

The weather conditions included high winds and heavy rain which impacted normal installation and repair activities due to the effect on the network. AT&T initially had 2 wire centers in Red (Generally inaccessible) and 5 in orange (Severe facility damage) with the remaining mostly in yellow (Heavy repair load). As of today, AT&T has 156 in yellow, and 40 in green (normal operation), and continues to work diligently through the back log of issues that occurred early this week due to Hurricane Isaac. Hurricane Isaac adversely affected many parts of the state of Florida, with Governor Scott signing an executive order declaring a State of Emergency due to Tropical Storm Isaac on August 25, 2012 (that was late upgraded to a Hurricane). While AT&T will continue to have elevated loads, AT&T believes the levels will allow the state wide force majeure to be lifted in Florida as of Tuesday, September 4, 2012.

Sincerely,

MaryRose Sirianni
