

Q.

Provide the actual capital and operating budgets for 2011 and 2012 in the most detailed format available and to the extent the budget is done at a total company level also provide the documents containing the same budget detail on a FPL jurisdictional basis.

A.

To address formatting issues raised by OPC, FPL is providing the document entitled "FPL 2012 Base O&M Budget Details by Bus Unit - Response - Corrected.pdf" (Bates Nos. OPC 298344-300445) to replace the document entitled "FPL 2012 Base O&M Budget Details by Bus Unit - Response.pdf" (Bates Nos. OPC 10070-12711), which FPL previously produced in response to this request. There are no substantive changes in the revised document.

The following is the Company's 2012 Base O&M Budget at the lowest level of detail available.

A comparable level of detail is not available on a jurisdictional basis.

- Corporate O&M Including AMF:

This data set represents the budgeted O&M costs gross of the estimated allocations through the Affiliate Management Fee. These costs represent the O&M budget that each business unit manages.

- AMF:

This data set represents the detail of the budgeted O&M costs that are identified to be charged to affiliates through the affiliate management fee. The affiliate management fee is an overall credit to FPL's O&M budget as these costs are charged to various affiliates that FPL supports.

- Corporate O&M Net of AMF:

This data represents the budgeted O&M costs net of the estimated allocations through the Affiliate Management Fee. These costs represent the total O&M budget that FPL manages.

FPL 2012- Business Unit O&M Including Affiliate Management Fee
