COMMISSION
CLERK

STAFF'S SIXTH DATA REQUEST

RE: Docket No. 110257-WS - Application for increase in water and wastewater rates in Seminole County by Sanlando Utilities Corporation.

Dear Mr. Friedman:

In response to several earlier responses to the first and second data requests filed on behalf of your client, Staff has several brief follow up requests to obtain updated or clarifying data.

1. Referring to the April 30, 2012 response to Staff's second data request question 4(g), Staff was provided an unsigned copy of the cost-share agreement between St. Johns River Water Management District and Sanlando Utilities Corporation. At that time, it was anticipated that the agreement would be executed in May 2012. Please provide the effective date of that Agreement and furnish an executed copy of the Agreement.
2. Referring to the November 16, 2012 filing, subpart 1.02(E) of the Section 00520 Agreement Form states as follows, "Payments will be made to the Contractor on the basis of the Schedule of Unit Prices included as part of his bid which shall be as fully part of the contract as if attached or repeated herein." Please provide a copy of the referenced schedule of unit prices.
3. Referring to the January 24, 2012 response to Staff's first data request in the section identified as "Rate Base 1 (a-f)" Staff was provided with a construction cost estimate identified as "Pro forma project # SR434 FDOT Widening/Storm for \$153,312". (see attached) Please provide copies of all bids related to this estimate.
