Re: Docket No.: 130032-TP
Petition for Expedited Review of Growth Code Denial by the Number Pooling Administrator for the Jacksonville Exchange (Clay Street)

Dear Ms. Cole:

Enclosed is an original and seven copies of BellSouth Telecommunications, LLC d/b/a AT&T Florida's Petition for Expedited Review of Growth Code Denial, which we ask that you file in the captioned *new* docket.

A copy of this letter is enclosed. Please mark it to indicate that the original was filed and return the copy to me. Copies have been served to the parties shown on the attached Certificate of Service.

Sincerely,
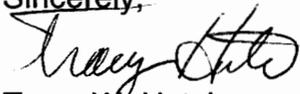

Tracy W. Hatch

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for Expedited Review of Growth   )   Docket No. 130032-TP

Code Denials by the Number Pooling Administrator)

for the Jacksonville exchange (Clay Street)   )   Filed: January 29, 2013

_____)

PETITION FOR EXPEDITED REVIEW OF GROWTH CODE DENIAL

BellSouth Telecommunications, LLC d/b/a AT&T Florida ("AT&T Florida"),

pursuant to 47 C.F.R. § 52.15(g)(iv), Federal Communications Commission ("FCC")

Order FCC 00-104, and Florida Public Service Commission ("Commission") Order No.

PSC-01-1973-PCO-TL, petitions the Commission to review the Pooling Administrator's

("NeuStar") denial of AT&T Florida's requests for additional numbering resources in the

Jacksonville exchange. In support of this petition, AT&T Florida states:

PARTIES

1.   AT&T Florida is a corporation organized and formed under the laws of the

State of Georgia and an incumbent local exchange company ("ILEC") regulated by the

Commission and authorized to provide local exchange telecommunications and

intraLATA toll telecommunications in the State of Florida.

2.   NeuStar is an independent non-governmental entity, which is responsible

for administering and managing the numbering resources in pooling areas. See 47

C.F.R. § 52.20(d).

JURISDICTION

3.   The Commission has jurisdiction of this matter pursuant to Industry

Numbering Committees (INC) Number Pooling Guidelines Sections 3.7 and 12(c). This

provision provides that a carrier may challenge NeuStar's decision to deny numbering resources to the appropriate regulatory authority.

BACKGROUND AND REQUEST FOR RELIEF

4.   The Jacksonville exchange consists of eighteen (18) switching entities that utilize numbering resources: Arlington (JCVLFLARDS0), Atlantic (JCBHFLABRS0), Avenues (MNDRFLAVDS0), Beachwood (JCVLFLBWDS0), Clay Street (JCVLFLCLDS0), Ft. Caroline (JCVLFLFCDS0), Ft. George (FTGRFLMARS0), International Airport (JCVLFLIARS0), Lake Forest (JCVLFLLFDS0), Loretto (MNDRFLLODS0), Normandy (JCVLFLNODS0), Oceanway (JCVLFLOWDS0), Riverside (JCVLFLRV38E), San Jose (JCVLFLSJ73E), San Marco (JCVLFLSMDS0), San Pablo (JCBHFLSPRS0), Southpoint (JCVLFLJTRSA), and Wesconnett (JCVLFLWCDS0).

5.   On January 22, 2013, AT&T Florida requested additional numbering resources from NeuStar for the San Marco (JCVLFLSMDS0) switch. See Attachment 1. Specifically, AT&T Florida requested a single number block of 1,000 numbers to meet the request of a specific customer. Due to the customer's dialing patterns, the customer needs a specific block in the format of NPA NXX-7 or 8.

6.   At the time of the code request, the Jacksonville exchange had a MTE of 1095.43 and a utilization of 58.82%, while the MTE for the Clay Street (JCVLFLCLDS0) switch was 277.70 with a utilization of 73.66%.

7.   On January 22, 2013, NeuStar's automated number request system denied AT&T Florida's request for additional numbering resources because AT&T Florida had not met the utilization based criteria, notwithstanding the fact that AT&T Florida is

2

unable to provide the numbering resources requested by the specific customer.   See

Attachment 1.   Pursuant to Commission Order No. PSC-01-1973-PCO-TL, attached to

this Petition is the MTE and utilization rate for each switch in the Jacksonville exchange

and the customers contact information.   See Attachment 2.

8.   As discussed above, both the FCC Order and the INC guidelines provide

that state regulatory authorities have the power and authority to review NeuStar's

decision to deny a request for numbering resources.   See   INC Number Pooling

Guidelines Sections 3.7 and 12(c).

9.   Under earlier MTE procedures used by NANPA, waivers or exceptions

were granted when customer hardships could be demonstrated or when the service

provider's inventory did not have a block of sequential numbers large enough to meet the

customer's specific request.   Under existing procedures, NeuStar nor NANPA looks at

the number of MTE and utilization for the entire rate center without exception.   The

current process is arbitrary and results in (1) decisions contrary to the public interest and

welfare of consumers in the State of Florida; and (2) decisions that do not necessarily

promote the efficient use of telephone numbers.

10.   AT&T Florida requests that the Commission's reverse NeuStar's decision

to withhold numbering resources from AT&T Florida on the following grounds:

(a)   NeuStar's denial of numbering resources to AT&T Florida interferes with

AT&T Florida's ability to serve its customers within the State of Florida.

(b)   The MTE at the rate center level requirement is discriminatory against the

incumbent LEC, since the ILEC is typically the only local service provider with multiple

switches in a rate center.   The ILEC deploys multiple switches in a rate center in order to

meet customer demand for telephone service. The new FCC rules for obtaining numbering resources both penalizes and discriminates against the ILECs for deploying multiple switches. AT&T Florida believes that it is patently unfair to require that the ILEC only get six (6) MTE in all the switches it has deployed in a rate center, when the CLECs, which have recently entered the local service market, have to meet the MTE requirement in only the single switch that they have deployed to serve their customers in a single rate center or even multiple rate centers.

(c)   As a result of NeuStar's denial of AT&T Florida's request for additional numbering resources, AT&T Florida will be unable to provide telecommunications services to its customers as required under Florida law.

WHEREFORE, AT&T Florida requests:

1.   The Commission review the decision of NeuStar to deny AT&T Florida's request for additional numbering resources for the Jacksonville exchange; and

2.   The Commission direct NeuStar to provide the requested numbering resources for the Jacksonville exchange as discussed above.

Respectfully submitted this 29th day of January 2013.

Number of Thousands-Blocks Requested :___1__

Switching Identification(Switch Entity/POI) : ᵛ
___JCVLFLCLDS0___

City or Wire Center Name :_____   Rate Center: ᵛⁱ
                                         ___JACKSONVL__

Rate Center Sub Zone:_____

1.3 Dates:

Date of Application: ᵛⁱⁱ _   Requested Block Effective Date: ᵛⁱⁱⁱ
__01/22/2013__   __02/22/2013__

☐ By selecting this checkbox, I acknowledge that I am requesting the earliest possible effective date the Administrator can grant. Please note that this only applies to a reduction in the Administrator's processing time, however the request will still be processed in the order received.

Request Expedited Treatment? (See Section 8.6) Yes _____ No ___X___

1.4 Type of Service Provider Requesting the Thousands-Block :

a) Type of Service Provider : __Incumbent Local Exchange Carrier (ILEC)__
___(LEC, IXC, CMRS, Other)
b) Primary type of service Blocks to be used for :___Wireline___
c) Thousands-Block(s) (NXX-X) assignment Preference (Optional) _____
_____
d) Thousands-Block(s) (NXX-X) that are undesirable for this assignment , if any _____
e) If requesting a code for LRN purposes, indicate which block(s) you will be keeping(the remainder of the blocks will be given to the pool) _____

1.5 Type of Request:

Initial block for rate center : Yes _____If Yes , attach evidence of authorization and proof of capability to provide service within 60 days.
Growth block for rate center : Yes ___X____If Yes , attach months to exhaust worksheet

☐ By selecting this checkbox, I acknowledge that I am willing to accept a block in red and explicitly understand that the underlying CO code may not yet be activated in the PSTN and loaded in the NPAC on the block effective date.

Type of change(Mark all that apply)

        ☐ OCN:Intra-company ⁱˣ ☐ Switching Id ☐ Part 1B

        ☐ OCN:Inter-company ˣ ☐ Effective Date

Change block : Yes _____If Yes , list NPA-NXX-X _____

1.6 Block Return :

a) Is this block Contaminated Yes _____ No _____
b) If Yes how many TNs are NOT available for assignment :_____
c) Have all new Intra SP ports been completed in the NPAC Yes _____ No
_____

2

d) Has this block been protected from further assignment Yes _____ No ___
___

Disconnect block : Yes _____If Yes , list NPA-NXX-X _____

Remarks:

I hereby certify that the above information requesting an NXX-X block is true and accurate to the best of my knowledge and that this application has been prepared in accordance with the Thousands-Block (NXX-X) Pooling Administration Guidelines(ATIS-0300066) available on the ATIS web site (http://www.atis.org/inc) or by contacting inc@atis.org as of the date of this application.

Signature of Block Applicant   **Title**   **Date**

__Instructions for filling out each Section of the Part 1A form:__

Section 1.1   Contact information requires that Service Providers supply under "Block Applicant" the company name, company headquarters address, a contact within the company, an address where the contact person may be reached, in addition to the correct phone, fax, and e-mail address. The Pooling Administrator section also requires the Service Provider to fill in the Pooling Administrator s name, address, phone, fax and e-mail.

Section 1.2   Service Providers who need a thousands-block assignment or for an Location Routing Number (LRN) are required to fill in this section. If needed for an LRN, a CO Code Application needs to also be submitted to the PA. The Service Provider should supply the Numbering Plan Area (NPA); the Local Access Transport Area (LATA), which is a three-digit number that can be found in the Telcordia^{TM} LERG^{TM} Routing Guide. The Operating Company Number (OCN) assigned to the service provider and the OCN its parent company. An OCN is a four-character alphanumeric assigned by Telcordia^{TM} Routing Administration (TRA). In addition, the number of thousands-blocks requested should be supplied. The Switch Identification as well as the city or wire center name, rate center, rate center sub zone, homing tandem and CLLI^{TM} tandem of the facilities based provider ^{xi}. Explanations of these terms may be found in the footnotes.

Section 1.3   The date the Service Provider completes the application should be entered in this section, as well as the Effective Date of the requested thousands-block.

Section 1.4   Service Providers should indicate their type, e.g., local exchange carrier, competitive local exchange carrier, interexchange carrier, CMRS. The also indicate the primary type of business in which the numbering resource is to be used. Service Providers also may indicate their preference for a particular thousands-block, e.g., 321-9XXX, or indicate any thousands-blocks that may be undesirable, e.g., 321-6XXX.

Section 1.5   Service Providers indicate the type of request. Initial requests are for first applications for thousands-blocks in a rate center, growth for additional thousands-blocks in a rate center in which the applicant already has numbering resources, and provide the required evidence as ordered by the FCC.

Section 1.6   Service Providers must indicate the updated/current information in regards to contaminated TNs on the block they are returning to the pool. Blocks with over 10% contamination (101 TNs or more) shall not be returned to the pool unless they meet criteria outlined in section 9.1.2 of these Guidelines. If the block being returned is over 10% contaminated the PA shall seek a new block holder. If question c and/or d have a response of No, the request for return shall

3

be denied. The thousands-block applicant certifies veracity of this form by signing their name, and providing their title and date.

Foot Notes :

[i] Identify the type of change(s) in Section 1.5.

[ii] The Pool Administrator is available to assist in completing these forms.

[iii] A CO Code application will also need to be submitted to the PA.

[iv] Operating Company Number (OCN) assignments must uniquely identify the applicant. Relative to CO Code assignments, NECA-assigned Company Codes may be used as OCNs. Companies with no prior CO Code or Company Code assignments should contact NECA (800 524-1020) to be assigned a Company Code(s). Since multiple OCNs and/or Company Codes may be associated with a given company, companies with prior assignments should direct questions regarding appropriate OCN usage to (TRA) (732-699-6700).

[v] This is an eleven-character descriptor of the switch provided by the owning entity for the purpose of routing calls. This is the 11 character CLLI™ code of the switch /POI.

[vi] Rate Center name must be a tariffed Rate Center.

[vii] Acknowledgment and indication of disposition of this application will be provided to applicant within seven calendar days from the date of receipt of this application. An incomplete form may result in delays in processing this request.

[viii] Please ensure that the NPA-NXX of the LRN to be associated with this block(s) is/will be active in the network prior to the effective date of the block(s).

[ix] Select if you are the current Block Holder.

[x] Select if you are _not_ the current Block Holder

[xi] Telcordia, LERG Routing Guide, and CLLI are trademarks of Telcordia Technologies, Inc.
