Re: Petition for Rate Increase by Tampa Electric Company
FPSC Docket No. 130040-EI

TRANSMITTAL OF CONFIDENTIAL INFORMATION

Dear Ms. Cole:

Enclosed for filing on behalf of Tampa Electric Company is a single confidential copy of Bates stamp page 5873 of Tampa Electric's response to Office of Public Counsel's First Request for Production of Documents No. 3, marked "SECOND REVISED: JULY 8, 2013". This revised confidential page corrects an error detected by Tampa Electric in the amount of incentives excluded from the company's 2014 test year rate request, consistent with the revised page 19 to witness Brad Register's testimony the company is also filing this date. We ask that this revised page be treated as confidential proprietary business information for the same reasons cited in support of confidential treatment of the original filing.

Pursuant to Non-Disclosure Agreements with intervenors and subject to the Motion for Temporary Protective Order with respect to OPC, we are providing parties of record a confidential version of this filing on a CD as an enclosure to their copies of this transmittal letter and ask that they protect the confidential nature of the information on the CD.

Please acknowledge receipt and filing of the above by stamping the duplicate copy of this letter and returning same to this writer.

Thank you for your assistance in connection with this matter.

Sincerely,

James D. Beasley
