PUBLIC SERVICE COMMISSION

SELECT A TYPE: proposed

RULE NO: RULE TITLE:

25-6.0431: Petition For Limited Proceeding

PURPOSE AND EFFECT: Rule 25-6.0431 establishes the requirements for a petition for limited proceeding for electric utilities. These requirements offer consistency in practice and codify the essential elements of a petition for limited proceedings by electric utilities.

Docket No. 130148-PU

SUMMARY: Rule 25-6.0431 requires that a petition for a limited proceeding for electric utilities include a list of all issues the petitioner believes should be decided, the reasons why the limited proceeding has been requested, and any other information that the utility deems relevant.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has been prepared by the agency.

The SERC examined the factors required by Section 120.541(2)(c), F.S., and concluded that the rule amendments will not have an adverse impact on economic growth, business competitiveness, or small business, and that there would likely be transactional cost savings to the individual and entities, including government entities, required to comply with the rule.

The agency has determined that the proposed rule amendments are not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: based upon the information contained in the SERC.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
