**RE:** Recommendation to Office of the General Counsel - Docket No. 130287-TL – Petition for expedited review of growth code denials by the Number Pooling Administration for the Jacksonville (San Marco) exchange by AT&T Florida.

---

On November 27, 2013, AT&T (“AT&T Florida”) filed a request for additional numbering resources from the Number Pooling Administrator (NeuStar) for the Jacksonville (San Marco) (JCVLFLSMDS0) switch. AT&T requested a full NXX to meet the request of a specific customer for 10,000 consecutive numbers in format of NXX that doesn’t end in a 0. On November 27, 2013, AT&T’s request for additional numbering resources was denied because it did not meet the utilization criteria.

On December 10, 2013, AT&T filed a petition requesting that the Commission overturn NeuStar’s decision. In accordance with Section 2.07C.5.e of the Administrative Procedures Manual (APM), staff has examined the AT&T petition and has determined the following:

- 1) The carrier has demonstrated that it has customers in need of numbering resources;
- 2) The carrier has shown that it will be unable to provide services to these potential customers because of NeuStar’s denial of the numbering resources; and
- 3) Customers will not be able to obtain service from the provider of his/her choice because the carrier does not have the numbers available.

Since the three criteria of Section 2.07C.5.e of the APM have been met, please prepare an administrative Proposed Agency Action Order to be issued within seven business days of this memorandum (January 3, 2014), as outlined in the APM expedited code denial process. NeuStar should be directed to provide AT&T the needed numbering resources to meet its customer’s needs in the Jacksonville (SanMarco) (JCVLFLSMDS0) switch. Please allow staff assigned to the docket to review the Order before it is issued. If you have any questions, please call Brenda Hawkins at (850) 413-6556.
