Docket No.: 140001-EI
Date: February 18, 2014

REQUEST FOR EXTENDED CONFIDENTIAL CLASSIFICATION

GULF POWER COMPANY ["Gulf Power", "Gulf", or the "Company"], by and through its undersigned attorneys and pursuant to Rule 25-22.006, Florida Administrative Code, hereby files this request that the Florida Public Service Commission enter an order extending confidential classification for portions of documents produced by Gulf Power in connection with a review of Gulf Power's 2011 capacity expenditures (ACN 12-013-1-1) (the "Review"). As grounds for this request, the Company states:

1. On June 15, 2012, Gulf Power filed a request for confidential classification of certain information produced in connection with the Review. (Document No. 03921-12, Docket No. 120001-EI)
2. On August 28, 2012, the Commission entered Order No. PSC-12-0450-CFO-EI granting Gulf's request for confidential classification.
3. As provided in section 366.093(4), Florida Statutes, and by the Commission's Order, the confidential information will be made public after a period of 18 months unless Gulf or another affected party shows, and the Commission finds, that the confidential information continues to comprise proprietary confidential business information. The 18-month extension period expires on February 28, 2014.
4. Gulf hereby requests that the Commission enter an order extending the confidential classification of the information highlighted on Exhibit "A" of Gulf's original

request and identified in line/by line format on Exhibit "C" of Gulf's original request for an additional 18-month period.

5. The information highlighted on Exhibit "A" to Gulf's original request is entitled to continued confidential classification for the same reasons that it was initially classified. As stated in Gulf's original request, the confidential information consists of pricing and bank routing information for capacity purchases between Gulf Power and various counterparties. This information is regarded by both Gulf and the counterparties as confidential. The pricing, which resulted from negotiations with Gulf and the counterparties, is specific to individual contracts and is not publicly known. Contracts forming the basis for this pricing data are still in effect. Disclosure of this information would negatively impact Gulf's ability to negotiate pricing favorable to its customers in future contracts. In addition, potential counterparties may refuse to enter into contracts with Gulf, or may charge higher prices, if the price terms were made public. The bank routing information consists of private account numbers for various counterparties. Disclosure of this information would impair the parties' ability to protect themselves from fraudulent actions and could subject Gulf to potential litigation over the wrongful disclosure of private information. The information is entitled to confidential classification pursuant to section 366.093(3)(e), Florida Statutes.

6. The information filed pursuant to this request is intended to be, and is treated as, confidential by Gulf Power, and to this attorney's knowledge has not otherwise been publicly disclosed.

WHEREFORE, Gulf Power Company respectfully requests that the Commission enter an order extending confidential classification of the information highlighted on Exhibit "A" and identified in line/by line format on Exhibit "C" of Gulf's original request from public disclosure as proprietary confidential business information.

Respectfully submitted this 18th day of February, 2014.
