

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for approval of special gas  
transportation service agreement with  
RockTenn CP, LLC by Peoples Gas System.

DOCKET NO. 140034-GU  
ORDER NO. PSC-14-0126-CFO-GU  
ISSUED: March 14, 2014

ORDER GRANTING PEOPLES GAS SYSTEM'S REQUEST  
FOR SPECIFIED CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 00747-14)

On February 14, 2014, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Peoples Gas System (Peoples) filed its request (Request) for specified confidential classification of portions of Exhibits A, B, and C attached to its petition for approval of an Amended and Restated Gas Transportation Agreement (Agreement) between Peoples and RockTenn CP, LLC (RockTenn). (Document No. 00747-14).

Peoples contends that designated portions of Exhibits A, B, and C attached to its petition fall within these categories and, thus, constitute proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. Peoples further contends that the highlighted portions of Exhibits A, B, and C contain various rates at which Peoples will provide gas transportation service to RockTenn at its Panama City, Fernandina Beach, and Jacksonville paper mills as well as service obligation terms and minimum take provisions. Exhibit C also contains Peoples' cost of service study for these mills. Peoples asserts that this information is intended to be and is treated by both Peoples and RockTenn as private and has not been publicly disclosed.

Peoples contends that disclosure of this information would negatively impact Peoples' business operations, as well as ratepayers, by impairing its respective ability to negotiate favorable pricing in the future with other potential gas transportation customers. Further, Peoples asserts that disclosure of this information would allow Peoples' cost of service to be derived and give "target" numbers to its competitors and potential customers when negotiating transportation pricing to its detriment.

Peoples initially requested confidential classification for this information until two months after the expiration of the terms of the Agreement or for a period of 18 years for the Fernandina Beach paper mill and 8 years for the Jacksonville and Panama City paper mills. However, Peoples subsequently orally modified its Request to an 18-month period from the issuance date of the Order granting confidential classification.

Ruling

Section 366.093(1), F.S., provides that records that the Florida Public Service Commission (Commission) has found to contain proprietary confidential business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is

treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and that has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides, in pertinent part, that proprietary confidential business information includes, but is not limited to:

- (d) Information concerning bids and other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods and services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Sections 366.093(3)(d) and (e), F.S., for classification as proprietary confidential business information. The information at issue appears to contain contract information, the disclosure of which would impair the utility's ability to negotiate the highest pricing for its gas transportation services to the competitive detriment of its ratepayers. Thus, the information identified in Document No. 00747-14 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of the issuance of this Order. At the conclusion of this period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Peoples or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Julie I. Brown as Prehearing Officer, that Peoples Gas System's Request for Specified Confidential Classification of portions of Exhibits A, B, and C of its petition, contained in Document No. 00747-14, is granted. It is further

ORDERED that the information in Document No. 00747-14 for which confidential classification has been granted, shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Julie I. Brown, as Prehearing Officer, this 14th day of March, 2014.
