DATED: April 30, 2014

PETITION FOR APPROVAL OF NUMERIC CONSERVATION GOALS BY TAMPA ELECTRIC COMPANY

Tampa Electric Company ("Tampa Electric" or "the company") files this its petition with proposed numeric conservation goals and requests that the Florida Public Service Commission ("Commission") accept, approve and adopt Tampa Electric's proposed numeric conservation goals as the numeric goals established by the Commission for Tampa Electric Company pursuant to Section 366.82, Florida Statutes, and Rules 25-17.001 and 25-17.0021, Florida Administrative Code. In support of this petition, the company states:

1. Tampa Electric is a public utility subject to the jurisdiction of the Commission pursuant to Chapter 366 of the Florida Statutes. Tampa Electric's headquarters are located at 702 North Franklin Street, Tampa, Florida 33601.
2. Copies of all notices and pleadings with respect to this petition should be furnished to:

James D. Beasley

Tampa Electric Company
Post Office Box 111
Tampa, FL 33601
(813) 228-1444
(813) 228-1770 (fax)

3. The agency affected by this petition is:

Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, Florida 32399-0850

4. Tampa Electric is subject to Section 366.82, Florida Statutes, part of the Florida Energy Efficiency and Conservation Act ("FEECA"), which requires the Commission to adopt appropriate goals to increase the efficiency of energy consumption, increase the development of demand side renewable energy systems, reduce and control the growth rates of electric consumption and weather sensitive peak demand, and encourage the development of demand side renewable energy resources.

5. Docket No. 130201-EI is one of seven that has been opened by the Commission to establish numeric conservation goals for each of the seven Florida FEECA utilities pursuant to Section 366.82, Florida Statutes, and Rule 25-17.001, Florida Administrative Code. As a result of Tampa Electric's evaluations, the company proposes the following numeric conservation goals which Tampa Electric has determined to be reasonably achievable in the residential, commercial and industrial classes within Tampa Electric's service area over a ten-year period.
6. The appropriate and reasonable cumulative DSM goals for Tampa Electric for the period 2015-2024 are segmented into the residential and commercial/industrial sectors and provided at the generator level. For the residential section, the proposed goals are 25.7 MW of summer demand, 61.9 MW of winter demand and 56.9 GWH of annual energy. For the commercial/industrial sector, the proposed goals are 30.6 MW of summer demand, 16.4 MW of winter demand and 87.4 GWH of annual energy. These goals were developed using the Commission-approved cost-effectiveness methodology and are based on the RIM test.

7. The testimony of Howard T. Bryant, filed April 2, 2014 in this docket, and the exhibit and schedules attached thereto, set forth the company's ten-year projections of the total cost-effective winter and summer peak MW demand reduction and the annual GWH savings which are reasonably achievable through the implementation of demand side measures in Tampa Electric's service area for the residential, commercial and industrial classes.

8. As demonstrated by the testimony of witness Bryant, the company's proposed numeric conservation goals for the period 2015 through 2024 are reasonable and are consistent with the requirements of Section 366.82, Florida Statutes, and Rule 25-17.0021, Florida Administrative Code.

9. Tampa Electric knows of no material facts in dispute regarding the relief requested herein. There is no agency decision, so Tampa Electric cannot state when or how it received notice of the agency decision.

10. Tampa Electric is entitled to relief pursuant to Sections 366.81 and 366.82, Florida Statutes, and Rule 25-17.0021.

WHEREFORE, Tampa Electric Company requests that the Florida Public Service Commission enter an order approving and establishing the company's proposed numeric
conservation goals for the period 2015 through 2024 pursuant to Section 366.82, Florida Statutes, and Rule 25-17.0021, Florida Administrative Code, and grant such other relief as is just and reasonable under the facts and law as determined by the Commission.

DATED this 30 day of April, 2014.

Respectfully submitted,

JAMES D. BEASLEY
J. JEFFRY WAHLEN
ASHLEY M. DANIELS
