Sorry, the first title is the old title. I did not make that clear. Here is the final title:

Notice of transfer of water and wastewater facilities of Innerarity Island Development Corporation to Escambia County, and cancellation of Certificate Nos. 546W and 476S in Escambia County.

Thank you, Tiffany.

Hi Adam, I'm getting ready to make the revisions you requested, however, the suggested title below looks like two titles. We don't generally put periods in titles until the end... please advise how you would like the title to read in its finalized form.

Thank you for your help!
