

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Application for rate increase by Florida  
Public Utilities Company.

DOCKET NO. 140025-EI  
ORDER NO. PSC-14-0386-CFO-EI  
ISSUED: July 24, 2014

ORDER GRANTING FLORIDA PUBLIC UTILITIES COMPANY'S  
REQUEST FOR CONFIDENTIAL CLASSIFICATION AND MOTION  
FOR TEMPORARY PROTECTIVE ORDER (DOCUMENT NO. 02693-14)

On June 2, 2014, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Public Utilities Company (FPUC) filed its request (Request) for specified confidential classification of its responses to the Office of Public Counsel's (OPC) First Set of Interrogatories Nos. 12, 14A and 14B as well as its responses to OPC's First Request for Production of Documents Nos. 6, 11a, 11b, 14A through 14K, 17B, 17D, and 17I (Document No. 02693-14).

Request for Confidential Classification

FPUC contends that portions of its responses to OPC's First Set of Interrogatories Nos. 12, 14A and 14B, as well as its response to OPC's First Request for Production of Documents, Nos. 6, 11a, 11b, 14A through 14K, 17B, 17D, and 17I, constitute proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C.

FPUC contends that its response to OPC's First Set of Interrogatories, No. 12, contains information concerning FPUC's and its parent company's 2012-2014 annual financial, safety and customer satisfaction standards and FPUC's achievement levels with regard to those standards. FPUC's asserts that its responses to OPC's First Set of Interrogatories, Nos. 14A and 14B, and First Request for Production of Documents, Nos. 14A through 14K, contain information regarding executive stock-based compensation programs and expenses, incentive compensation plans and bonus plans for 2012-2014, the disclosure of which could impair its market position and negatively affect its ability to compete for and retain qualified employees at the lowest possible cost.

FPUC also contends that its response to OPC's First Request for Production of Documents, No. 6, contains internal audit reports completed in 2012 through 2014, and a list of on-going internal audits not yet completed. Furthermore, its responses to OPC's First Request for Production of Documents, Nos. 11a and 11b, contain contracts for goods and services with its rate case consultants and attorneys, the disclosure of which could impair FPUC's ability to contract for these types of goods and services with other similar providers at the lowest possible cost in the future. Finally, FPUC asserts that its responses to OPC's First Request for Production of Documents, Nos. 17B, 17D, and 17I, are Word-formatted copies of the testimonies of its witnesses that were also included in FPUC's request for confidentiality of Document No. 01948-

14 and is addressed by separate order. FPUC asserts that this information is intended to be and is treated by FPUC as confidential and has not been publically disclosed.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary confidential business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and that has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (b) Internal auditing controls and reports of internal auditors.
- (d) Information concerning bids and other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods and services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Sections 366.093(3)(b), (d) and (e), F.S., for classification as proprietary confidential business information. The information described above appears to contain internal audits, contractual information, the disclosure of which would impair the efforts of FPUC or its affiliates to contract for goods or services on favorable terms, and information related to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 02693-14 shall be granted confidential classification, as set forth herein.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of the issuance of this Order. At the conclusion of this period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPUC or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Motion for Temporary Protective Order

FPUC also seeks protection of the documents as provided in Section 366.093(2), F.S., and Rule 25-22.006(6), F.A.C., while the material is in the possession of the Office of Public Counsel (OPC). Section 366.093(2), F.S., directs that all records produced pursuant to a discovery request for which proprietary confidential status is requested shall be treated by any

party subject to the public records law as confidential and exempt from the public records law, Section 119.07(1), F.S. Rule 25-22.006(6), F.A.C., codifies the Commission's policy regarding the protection of confidential information from public disclosure during the discovery process in a manner that is not overly burdensome to both parties. Rule 25-22.006(6)(a), F.A.C., in pertinent part, states:

In any formal proceeding before the Commission, any utility or other person may request a protective order protecting proprietary confidential business information from discovery. Upon a showing by a utility or other person and a finding by the Commission that the material is entitled to protection, the Commission shall enter a protective order limiting discovery in the manner provided for in Rule 1.280, Florida Rules of Civil Procedure.

In addition, Rule 25-22.006(6)(c), F.A.C., states that if a party allows OPC to inspect or take possession of utility information, then that "utility may request a temporary protective order exempting the information from section 119.07(1), F.S."

Upon consideration of FPUC's assertions of the confidential nature of the information contained in its response to OPC's First Set of Interrogatories, Nos. 12, 14A, and 14B, as well as its responses to OPC's First Request for Production of Documents, Nos. 6, 11a, 11b, 14A through 14K, FPUC's Motion for Temporary Protective Order is hereby granted. As a result, this information shall be protected from disclosure pursuant to Rule 25-22.006(6)(c), F.A.C.

Based on the foregoing, it is hereby

ORDERED by Commissioner Julie I. Brown as Prehearing Officer, that Florida Public Utilities Company's Request for Confidential Classification of the materials contained in Document No. 02693-14 is granted, as set forth herein. It is further

ORDERED that the information in Document No. 02693-14, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that the Motion for Temporary Protective Order filed by Florida Public Utilities Company is granted, as set forth herein. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Julie I. Brown, as Prehearing Officer, this 24th day of  
July, 2014.
