DOCKET NO. 140007-EI
ORDER NO. PSC-14-0487-CFO-EI
ISSUED: September 12, 2014

ORDER GRANTING GULF POWER COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 01440-14)

On April 1, 2014, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Gulf Power Company (Gulf or Company) filed a request for confidential classification (Request) of portions of its Air Quality Environmental Compliance Program Update for the Clean Air Interstate Rule, National Ambient Air Quality Standards, Mercury and Air Toxics Standards, and Clean Air Visibility Rule (Compliance Program).

Request for Confidential Classification

Gulf contends that the information, identified in Exhibit C of its Request, constitutes proprietary confidential business information entitled to protection under Section 366.093(3), F.S., and Rule 25-22.006, F.A.C. Gulf asserts that the information is intended to be, and is treated as, confidential by Gulf, and has not been publicly disclosed.

Gulf asserts that the information relates to Gulf's Compliance Program capital projects that have not yet been placed in service, and includes the Company's projected capital expenditures and its projected operation and maintenance expenditures, by plant and project. Gulf also asserts that this information could negatively impact its ability to negotiate pricing that is favorable to its customers by enabling vendors of materials and services to tailor pricing proposals to the Company's projections. Furthermore, Gulf contends that the information also relates to its competitive interests, the disclosure of which would impair both Gulf's competitive business interests and its ability to procure goods and services on a fair and reasonable basis. Gulf argues that this information is entitled to confidential classification pursuant to Section 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears that the information described above satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in Exhibit C, attached to Gulf's Request, appears to be information concerning bids or other contractual data, the disclosure of which would impair the efforts of Gulf or its affiliates to contract for goods or services on favorable terms, and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 01440-14 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Gulf or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Julie I. Brown, as Prehearing Officer, that Gulf Power Company's Request for Confidential Classification of Document No. 01440-14 is granted. It is further

ORDERED that the information in Document No. 01440-14, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of the issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Julie I. Brown, as Prehearing Officer, this 12th day of September, 2014.

This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility.
