DOCKET NO. 140001-EI
ORDER NO. PSC-14-0524-CFO-EI
ISSUED: October 2, 2014

ORDER GRANTING FLORIDA PUBLIC UTILITIES COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 02471-14)

On May 22, 2014, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Public Utilities Company (FPUC) filed a Request for Confidential Classification (Request) of certain information contained in the Florida Public Service Commission (Commission) staff auditor workpapers associated with Audit Control No. 14-027-4-2 (audit workpapers) (Document No. 02471-14). This request was filed in Docket No. 140001-EI.

Request for Confidential Classification

FPUC contends that designated portions of the information contained in its audit workpapers, specifically workpapers 41-2/4, 41-2/5, 41-2/5-1, 43-1/1-1, 43-1/1-2, 43-1/1-2-1, 43-1/1-3, 43-1/1-4, 43-1/1-5, 43-1/3-1, 43-1/3-2, 43-1/3-3, 43-1/3-4, 43-1/3-5, 43-1/3-6, 43-1/3-7, 44-2/1, and 44-4, constitute proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPUC asserts that this information is intended to be and is treated by FPUC as private and has not been publicly disclosed.

FPUC contends that certain information within the audit workpapers include details from bills, including specific dollar amounts, quantities, requirements, and account numbers, which, if disclosed, could enable a third party to discern confidential terms in contracts between FPUC and its vendors and suppliers. FPUC asserts that the audit workpapers also contain billing and payment account information for the FPUC electric system at various points in the year. FPUC further contends that this information includes specific information contained in existing contracts, which both FPUC and its vendors and suppliers treat as highly confidential. Additionally, FPUC contends that certain information within the audit workpapers include correspondence between FPUC and its vendors and suppliers addressing changes to contractual terms or billed amounts. Finally, FPUC asserts that release of this information would harm its business operations and ratepayers by impairing its ability to effectively negotiate for goods and services, and is entitled to confidential classification pursuant to Section 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Commission has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears that the information described above satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above appears to be information concerning bids or other contractual data, the disclosure of which would impair the efforts of FPUC or its affiliates to contract for goods or services on favorable terms, and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 02471-14, shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPUC or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Julie I. Brown, as Prehearing Officer, that Florida Public Utilities Company's Request for Confidential Classification of Document No. 02471-14, is granted. It is further

ORDERED that the information in Document No. 02471-14, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of the issuance of this Order. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Commissioner Julie I. Brown, as Prehearing Officer, this 2nd day of October, 2014.
