TALLAHASSEE, FLORIDA 32399-0850

**-M-E-M-O-R-A-N-D-U-M-**

---

**DATE:** October 16, 2014  
**TO:** To All Parties and Interested Persons  
**FROM:** Danijela Janjic, Senior Attorney, Office of the General Counsel  
**RE:** Docket No. 130209-SU - Application for expansion of certificate (CIAC) (new wastewater line extension charge) by North Peninsula Utilities Corporation

---

Please note that an informal meeting between Commission staff, North Peninsula Utilities Corporation (NPUC), County of Volusia, City of Ormond Beach, and interested persons to the above-captioned dockets has been schedule for the following time and place:

Monday, October 20, 2014, 10:00 a.m.  
Gerald L. Gunter Building, Conference Room 262  
Florida Public Service Commission  
2540 Shumard Oak Boulevard  
Tallahassee, Florida 32399-0850

The purpose of the meeting is to discuss issues in the pending application for expansion of certificate by North Peninsula Utilities Corporation. Attached please find a list of questions that will be discussed at the meeting. Attendance is not required; however, all interested persons are encouraged to attend. Interested persons may participate telephonically in this meeting by dialing **1-888-670-3525, Conference Code 3498283979 then #**. If you have any questions about the meeting, please call either Clayton Lewis at (850) 413-6578 or Danijela Janjic at (850) 413-6856.

DJ

cc: Office of Commission Clerk

### **Questions for NPUC 10/20 Conference Call**

- 1) It appears that NPUC is assuming 100 percent of the customers in the territory it would acquire, would that take service from the utility. Please explain the basis for this assumption. What other information supports the need for this extension?
- 2) Mr. Hartman's July 17, 2014 letter states "[t]he second request by the county was to provide the future flexibility for wholesale service at VCUD Pelican Dunes package plant such that the County could shut down and just operate wastewater collection system if the County felt that was in their interest . . . ."
  - a. Is the County paying for the connection point and master meter for this flexibility?
  - b. When will the County be making a determination if the arrangement is in their interest?
  - c. Have there been any documents created that codify this arrangement?
- 3) Who will pay for the new collection lines on the streets that may be acquired?
- 4) If granted the territory extension, when will NPUC be able to handle service requests from all residential customers within Phase I.
- 5) If granted the territory extension, how will NPUC handle requests for service received prior to Phases II and III being completed?
- 6) Has the City, County and NPUC worked out a complete plan that illustrates all of the donated equipment (CIAC) that will need to be arranged to accomplish the presented plan?
- 7) When should we expect to receive the required affidavit needed for verification of noticing the proposed annexation to customers?
- 8) Please be prepared to discuss changes to the filing as discussed with Tara Hollis on August 28, 2014 with Sonica Bruce and Shannon Hudson. The service availability charge calculated by Tara Hollis does not match the service availability charge used in Mr. Hartman's documentation. (ECO)
