Subject: 140001-EI - Declassification of SF-9

Per this e-mail, the Clerk's Office will declassify SF-9 in confidential DN 03290-14, per FPL's withdrawal of request for confidential classification (DN 05177-14). Also, in DN 05177-14, FPL has attached a non-confidential version of SF-9.

Marquerite,

Per John Bulter's email concerning the treatment of Exhibit SF-9 (which is attached to FPL witness Sam Forrest's prefile direct testimony) as non-confidential. Please declassify Exhibit SF-9 and treat it as non-confidential. On September 15, 2014, FPL filed a withdrawal of its request for confidential classification of Exhibit SF-9. Thanks, Keino

All:

This document has already been discussed publicly in the Deason deposition on November 13. The OPC does not believe it is lawful under Chapter 119 for the Commission to treat as confidential in a hearing or any other venue a document for which there is no pending claim of confidentiality. This is a matter that should be resolved prior to hearing. The OPC is not intending to treat any of the information in SF-9 as confidential.

Thank you,

Charles J. Rehwinkel

Thank you, John. This was also pointed out to us by OPC.

However, until the Clerk's office receives a directive from staff to declassify a document, it remains confidential despite the fact that the company has withdrawn its request. I am guessing that Martha simply has not had time to do so. Thus, SF-9 will be treated as confidential by PSC Staff during the hearing.

Subject: Prehearing Order for Gas Reserves Hearing

Martha, et al, in reviewing the prehearing order, FPL noted that Exhibit SF-9 is listed in Section IX – Exhibit List on page 22 as confidential. On September 15, 2014, FPL filed a withdrawal of its request for confidential classification of Exhibit SF-9. My apologies for not catching this discrepancy earlier in the draft prehearing order, but I wanted to bring it to your and the parties' attention now so that everyone is clear at the hearing that no portions of Exhibit SF-9 have to be treated as confidential. Best regards, John Butler
