Labrador Utilities, Inc

Docket No. 140135-WS

Forest Lake Estates

Zephyrhills, FL

I attended the meeting held February 11, 2015 in our community.

There was a good deal of information given by folks who live in FLE. As this is my second winter here, I was there to listen and assess.

One question that didn't arise is, "where does the water that Labrador Utilities supplies, originate?" "What's the source and is the source monitored by the F.P.S.C.?"

I find checking the source is most helpful when dealing with an issue. If it's poor quality to start, the end product won't be superior or even marginable.
