Correspondence will be placed in the file of this docket.

**CONSUMER COMMENTS**

Too much money for the price they want to charge & the quality of the water.

We cannot drink the water without a filter.

If they haven't used approved money to fix holding tank,

Why should believe they are going to use the money to do what they say they are going to improve.

Why can other water companies do the same things & provide better quality water for a lot less money?

(The Zephyrhills City Water) We were at a park that I had the city water it only cost \$133<sup>per year</sup> a year? both water + sewer
